This subsection shall apply to service presented for credit on July 1, 1975, and thereafter.

Such service when added to service credited under subsection (2)(a) of this section shall not exceed a total of eight years service credit.

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section may elect to use such service for meeting the requirements of KRS 161.600(1)(b) by making an additional contribution to the state accumulation fund equal to the regular member contributions for each year so used. *Such payments shall not be picked up as described in KRS 161.540(4).* The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the teachers' retirement system for the first time, July 1, 1976, and thereafter, shall not receive credit for service defined in subsections (2)(a) and (2)(c) above in excess of one year of credit for each two years of Kentucky service in a covered position or eight years, whichever is the lesser number.

Section 35. KRS 161.705 is amended to read as follows:

to maintain such fund in accordance with the actuarial principles established by the actuarial studies described hereafter, and may assess monthly such amount or percent of the salary of the employes as may be equitably determined on a fair actuarial basis, and in any case not in excess of eight percent (8%) of the monthly salary of each employe unless a higher rate was charged prior to the merger of governments, in which case the higher rate may be charged, the assessment to be deducted from the employes' salaries *or picked up pursuant to subsection (2) of this section* and paid in cash into the pension fund. Within six (6) months after the effective date of the urban-county form of government, or within six (6) months after June 21, 1974, whichever shall be later, the trustees of the board shall, at the expense of the urban-county government, provide for the performance of an actuarial study, which study shall be completed within six (6) months thereafter, and which study shall describe the amounts necessary to be contributed by the urban-county government or other sources to fund on an actuarially sound basis the benefits promised or described in the said fund, including any payments required to bring said fund to an actuarially sound position in the event that it was not so at the time of the performance of the study, in which latter event the legislative body shall also determine a reasonable period over which such additional funding shall be made, which period shall not exceed thirty (30) years. A similar study shall be arranged by the board at the cost of the urban-county government at least once in every five-year period thereafter. In the event that fund created by this section is extended to cover employes not described in the first sentence hereof, the actuarial study shall determine the required payments so as to keep the expanded fund on an actuarially sound basis, and the urban-county government shall maintain such fund as set out herein, and shall assess against the additional covered employes the same monthly contribution as is required for other government employes.

(2) *The urban-county government shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, the urban-county government shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement fund satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The urban-county government shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the urban-county government to the fund. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 67A.320 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.*

(3) The pick up of employe contributions by the employer shall not be construed to reduce the final salary or the average salary upon which the employe retirement benefit is based.

Trustees from the pension fund board shall consist of the mayor, four (4) members of the legislative body of the urban-county government selected by the legislative body, the secretary of the department of finance, the director of the division of personnel, and three (3) civil service employes to be elected to the board by those employes covered by the employes' pension fund. In the event that there is no position in the urban-county government denominated secretary of the department of finance and/or director of the division of personnel, the appointed office of the urban-county government exercising the functions most closely resembling such office shall serve as trustee.

(5)[~~(3)~~] Temporary employes appointed without examination shall not be compelled to contribute to any pension fund and shall not be eligible to benefits.

(6)[~~(4)~~] In no year shall the contribution by the urban-county government to the pension fund, in the manner provided in this section, be less than the total amount assessed upon and deducted from the salary of the employes.

(7)[~~(5)~~] The trustees of the pension fund shall, at least once every three (3) months, report in writing to the mayor the receipts, expenditures and financial status of the pension fund, stating the places of deposit of funds, or the character of investments made, and the mayor shall cause copies of the report to be posted in at least three (3) places where urban-county employes frequent and report.

The director of finance of the government is hereby authorized to deduct such amount from the salary of each active member in semimonthly installments. This contribution shall be made as a deduction from salary, notwithstanding that the salary paid in cash to such member may be reduced thereby below the established statutory rate. Every member of the fund shall be deemed to consent and agree to the deduction from

salary as herein provided, and shall receipt for his full salary, and payment to such member of salary less such deduction shall constitute a full and complete discharge and acquittance of all claims and demand whatsoever for the services rendered by such member during the period covered by such payment, except as to the benefits herein provided. *After August 1, 1982 employe contributions shall be picked up by the urban-county government pursuant to subsection (2) of this section.*

The picked up employe contribution shall satisfy all obligations to the retirement fund satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The urban-county government shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. (1) Upon withdrawal from service prior to retirement, a member shall be entitled to receive a refund of the amount of contributions made by the member *or picked up by the urban-county government pursuant to KRS 67A.510(2)* after the date of establishment, without interest. *Payments of picked up employe contributions shall be subject to state and federal tax as appropriate.*

(2) Any member receiving a refund of contributions shall thereby ipso facto forfeit, waive, and relinquish all accrued rights and benefits in the system, including all credited and creditable service. The board may, in its discretion, regardless of cause, withhold payment of a refund for a period not to exceed six (6) months after receipt of an application from a member.

(3) Any member who has received a refund shall be considered a new member upon subsequent re-employment if such person qualifies for membership under the provisions hereof. After the completion of at least five (5) years of continuous membership service following his latest re-employment, such member shall have the right to make a repayment to the system of the amount or amounts previously received as refund, including six percent (6%) interest from the dates of refund to the date of repayment. Upon the restoration of such refunds, as herein provided, such member shall have reinstated to his account all credited service represented by the refunds of which repayment has been made. Repayment of refunds by any member

shall include all refunds received by a member prior to the date of his last withdrawal from service and shall be made in a single sum. *Such repayments shall not be picked up by the urban-county government.*

(4) Any member who has received, or who is entitled to receive, a refund, but who within six (6) months of becoming entitled to receive such refund, qualifies for membership under the provisions of a fund in effect in another government, or city of the second class, adopted pursuant to law, shall have the option of paying his refund into such other fund, in which event he shall be deemed a member of such other fund and his account therein shall be credited with all contributions, *including those picked up pursuant to KRS 67A.510(2),* and service under his original fund.

Section 42. KRS 67A.580 is amended to read as follows:

(1) An adequate system of accounts and records shall be established and maintained for the fund that will reflect fully the requirements of the provisions of KRS 67A.360 to 67A.690. This system shall be integrated, to the extent possible with the accounts, records, and procedures of the government to the end that the same shall operate most effectively and at minimum expense, and that duplication of records and accounts may be avoided.

(2) All assets of the fund shall be credited according to the purposes for which they are held in the following designated reserve accounts:

(a) Members' Contribution Reserve. The amounts contributed by the members, *including those picked up pursuant to KRS 67A.510(2),* shall be credited to this reserve, together with regular interest thereon as herein provided. An individual account shall be maintained for each member, to which shall be credited the amounts of his contributions *or amounts picked up by the urban-county government.* Upon the granting of a service retirement annuity, disability annuity, or survivor's annuity or benefit, the accumulated contributions to the credit of the member concerned shall be transferred from this reserve to the retirement reserve. Refunds and death payments representing member's contributions shall be charged to this reserve.

(b) Employer's Contribution Reserve. The amounts contributed by the government under the provisions hereof, for service retirement annuity, disability retirement annuity, and benefits to survivors covering membership service and prior service, shall be credited to this reserve. Upon the granting of a service retirement annuity, disability retirement annuity, or survivor's benefit, an amount representing the excess of the actuarial value of the annuity, or benefit over the accumulated contributions of the member, shall be transferred from this reserve to the retirement reserve.

(c) Retirement Reserve. Upon the granting of a service retirement annuity, disability retirement annuity, or survivor's benefit, the accumulated contributions of the member, *including those picked up pursuant to KRS 67A.510(2),* and an amount representing the excess of the actuarial value of the annuity or benefit over such accumulated contributions, shall be transferred to this reserve from the member's contribution reserve and employer's contribution reserve, respectively. All income from investments, including gains on investment transactions, shall be credited to this reserve. All losses on investments shall be charged to this reserve. All payments on account of any annuity made by the fund shall be charged to this reserve. Any excess balance in this reserve, as determined by actuarial valuation as of the close of any fiscal year, shall be applied to reduce the government's contributions for membership service for the fiscal years next following the date of such valuation. Any deficiency in this reserve shall be removed by an increase in the amount of government's contributions for future membership service.

Section 43. KRS 67A.610 is amended to read as follows:

Each member shall, by virtue of the payment of contributions to the fund, receive a vested interest in such contributions, and in consideration of such vested interest, shall be conclusively deemed to undertake and agree to pay the same and to have the amounts deducted from his salary as herein provided. *After August 1, 1982, employe contributions shall be picked up by the urban-county government pursuant to KRS 67A.510(2).*

SECTION 44. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

(1) Each local government or local government agency which has a pension plan which is qualified under Section 401(a) of the Internal Revenue Code shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions made to the respective retirement system pursuant to KRS 70.582, 79.080, 96.180, 90.400, 90.410, 95.290, 95.580, 95.627, 95.768, 95.769, or 95.867 for all compensation earned after August 1, 1982, or after qualification pursuant to Section 401(a) of the Internal Revenue Code, whichever is later, and all contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each local government or local government agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement fund satisfied prior to August 1, 1982, or later

date, as the case may be, by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The local governments or local government agencies shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the local government or local government agency to the fund. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 70.582, 79.080, 96.180, 90.400, 90.410, 95.290, 95.580, 95.627, 95.768, 95.769 or 95.867 in the same manner and to the same extent as employe contributions made prior to August 1, 1982, or later date of pick up, as the case may be.

(2) The pick up of employe contributions by the employer shall not be construed to reduce the final salary or the average salary upon which the employe retirement benefit may be based in any of the retirement systems covered by this section.

Section 45. KRS 70.594 is amended to read as follows:

In the event any member of the police department shall leave the employment of the department there shall be returned to him within thirty (30) days thereafter all funds which he shall have contributed to the pension fund, *including those contributions picked up by the employer pursuant to Section 44 of this Act,* but such employe leaving the employment of the department shall not be entitled to receive any portion of the funds contributed by the fiscal court to the pension fund.

Section 46. KRS 90.400 is amended to read as follows:

(1) Any city of the second class adopting a civil service plan under KRS 90.310 shall provide by ordinance for the creation and maintenance of a pension fund for employes under civil service by the levy of a tax of not exceeding five cents or such rate as necessary to permit the city to match the employes' current contributions to the fund, on each one hundred dollars value of taxable property in the city, the proceeds of that tax to be paid to the pension fund in cash, and may assess monthly such amount or percent of the salary of the employes as may be equitably determined on a fair actuarial basis, the assessment to be deducted from the employes' salaries and paid in cash into the pension fund.

(2) The city may make current contributions to the fund on an actuarially funded basis, toward the annuities and benefits herein provided. These contributions shall be equal to the sum of the following:

(a) An annual amount resulting from the application of a rate percent of salaries of active members, representing the present value of the actuarial reserve requirements for membership service, for service retirement annuity, disability retirement annuity, and annuities to surviving spouses and children, and the one-year term premium for the city's liability for death benefits, after applying the contribution by the active members. Such rate percent shall be fixed by the board of city commissioners every five years after an actuarial survey of the fund, and shall be in effect for a period of at least five years.

(b) An amount resulting from the application of a rate percent of the salaries of active members which will provide each year regular interest on the remaining liability for prior service.

(3) The city may create a board for the pension fund and designate trustees of that board, and may fix the powers of the trustees, determine the eligibility of employes or their dependents to a pension or other benefit, and may provide a monthly allowance for employes eligible for a pension.

(4) Temporary employes appointed without examination shall not be compelled to contribute to any pension fund and shall not be eligible to benefits.

(5) In no year shall the contribution by the city to the pension fund, in the manner provided in this section, be less than the total amount assessed upon and deducted from the salary of the employes.

(6) The trustees of the pension fund shall, at least once every three months, report in writing to the mayor the receipts, expenditures and financial status of the pension fund, stating the places of deposit of funds, or the character of investments made, and the mayor shall cause copies of the report to be posted in at least three places where city employes frequent and report.

(7) When any city of the second class adopts an ordinance under this section for the creation of a pension fund and *picks up employe contributions pursuant to Section 44 of this Act, or* accepts from its employes a portion of their wages and levies a tax therefor, an inviolable contract shall be created between the city as employer and its employes, and the city and its employes shall continue to operate under KRS 90.310 to 90.410 and the adopting ordinance. A repeal of that ordinance by the city shall in no wise affect such employes unless by the mutual consent of the city and an employe or employes.

Section 47. KRS 90.410 is amended to read as follows:

(1) Any city of the third class adopting a civil service plan under KRS 90.310 may provide by ordinance for the creation and maintenance of a pension fund for the benefit of employes under civil service by the levy of a tax of not exceeding five cents (5¢) on each one hundred dollars ($100) value of taxable property in the city, and may assess monthly such amount or per cent of the salary of employes as may be equitably determined on a fair actuarial basis, not to exceed five per cent (5%) of the monthly salary of any employe.

(2) The city may create a board for the pension fund and designate trustees of that board, and may fix the powers of trustees, determine the eligibility of employes or their dependents to a pension or other benefit, and may provide a monthly allowance for employes eligible for a pension, not to exceed one-half (½) of the monthly salary of any employe at the time of his retirement.

(3) When any city of the third class adopts an ordinance under this section for the creation of a pension fund *picks up employe contributions pursuant to Section 44 of this Act, or* and accepts from its employes a portion of their wages and levies a tax therefor, an inviolable contract shall be created between the city as employer and its employes, and the city and its employes shall continue to operate under KRS 90.310 to 90.410 and the adopting ordinance. A repeal of that ordinance by the city shall in no wise affect such employes unless by the mutual consent of the city and an employe or employes.

Section 48. KRS 95.620 is amended to read as follows:

(1) Except as provided in subsections (2), (3) and (4) of this section, the policemen's and fire fighter's pension fund in cities of the third or fourth class shall be held and distributed for the purpose of paying pensions and benefits, and for no other purpose.

(2) The board of trustees of the pension fund may refund a member's contributions, *including contributions picked up by the employer pursuant to Section 44 of this Act,* upon that member's withdrawal from service prior to qualifying for pension. The member shall be entitled to receive a refund of the amount of contributions made by the member, *including contributions picked up by the employer pursuant to Section 44 of this Act,* after the date of establishment, without interest.

(3) Any member receiving a refund of contributions shall thereby ipso facto forfeit, waive, and relinquish all accrued rights and benefits in the system, including all credited and creditable service. The board may, in its discretion, regardless of cause, withhold payment of a refund for a period not to exceed six months after receipt of an application from a member.

(4) Any member who has received a refund shall be considered a new member upon subsequent re-employment if such person qualifies for membership under the provisions hereof. After the completion of at least five years of continuous membership service following his latest re-employment, such member shall have the right to make a repayment to the system of the amount or amounts previously received as refund, including six per cent interest from the dates of refund to the date of repayment. *Such repayments shall not be picked up by the employer pursuant to Section 44 of this Act.* Upon the restoration of such refunds, as herein provided, such member shall have reinstated to his account all credited service represented by the refunds of which repayment has been made. Repayment of refunds by any member shall include all refunds received by a member prior to the date of his last withdrawal from service and shall be made in a single sum.

Section 49. KRS 95.783 is amended to read as follows:

In the event that the provisions of KRS 95.761 to 95.785 are accepted and adopted by the legislative body of a city of the fourth class by ordinance, as herein provided, the repeal of such ordinance shall not become effective unless adopted by the unanimous vote of the duly elected members of such legislative body. In the event a repeal ordinance is adopted by such legislative body, all moneys or property belonging to the policemen's and fire fighter's pension fund at the time of the repeal of the said adoption ordinance shall be dissolved or liquidated by the board of trustees of said policemen's and fire fighter's pension fund and distributed by said board in the following manner: Within sixty (60) days of adoption by said legislative body of said repeal ordinance, the said board of trustees shall proceed with the liquidation of said pension fund as follows: All unexpended moneys appropriated to said pension fund out of the said city's general fund to the policemen's and fire fighter's pension fund by the said legislative body of such city and at the time of adoption of a repeal ordinance shall revert back to the city's general fund. All other unexpended moneys or property which has come into the said pension fund's hands shall be liquidated by said board of trustees in the following manner: All unexpended moneys in the said pension fund which accumulated thereto by *pick up of employe contributions by the employer pursuant to Section 44 of this Act or* assessments from policemen's and fire fighter's salaries and gifts, or accumulated thereto in any manner except appropriations from the said city's general fund, shall revert back to the active or retired policemen and fire fighters and dependents who have qualified under KRS 95.761 to 95.785 in such city. In the division to the beneficiaries, the board of said trustees shall use in the division of said fund the per centum of the present salaries of such members. After all disbursements have been made of said fund by the board of trustees, the said board of trustees shall file, as their last act, a complete report of same with said legislative body within thirty (30) days, and such report shall be kept in the office of the city clerk as other city records.

Section 50. KRS 95.851 is amended to read as follows:

(2) Upon death of a retired member, if no widow's annuity or children's annuities shall be due or payable, a death benefit shall be paid to the designated beneficiary or estate of the member, equal to the excess, if any, of the total contributions made by the member to this fund to the date of retirement, *including those employe contributions picked up by the employer pursuant to Section 44 of this Act,* without interest, over the total annuity payments received by the member. The minimum payment in such case shall be three hundred dollars ($300). If a widow's annuity or children's annuities are payable after the death of the retired member, the amount of such death benefit, if any, shall be determined upon termination of annuity payments to all survivors of the member, whether such termination occurs by death, remarriage or other cause.

Section 52. KRS 95.866 is amended to read as follows:

(2) Any member receiving a refund of contributions shall thereby ipso facto forfeit, waive, and relinquish all accrued rights and benefits in the system, including all credited and creditable service. The board may, in its discretion, regardless of cause, withhold payment of a refund for a period not to exceed six (6) months after receipt of an application from a member.

Repayment of refunds by any member shall include all refunds received by a member prior to the date of his last withdrawal from service and shall be made in a single sum.

Section 53. KRS 95.874 is amended to read as follows:

(1) An adequate system of accounts and records shall be established and maintained for the fund that will reflect fully the requirements of the provisions of KRS 95.851 to 95.991. This system shall be integrated,

If the appeal is from an order refusing to uphold the dismissal, demotion, suspension, or other penalization, the burden of appearing and defending the action of the board shall be upon the employe.

(4) The case shall be set down by the court for as early a day as possible for a hearing, and shall in all respects be expedited.

Each licensee shall be responsible for the acts of any or all of his salesmen while acting as his agent, if such licensee approved of or had knowledge of said acts or other similar acts and after such approval or knowledge retained the benefit, proceeds, profits or advantages accruing from said acts or otherwise ratified said acts.

(6) Any licensee or other person in interest being dissatisfied with a final order of the bureau approved by the *commission* [~~board~~] may appeal to the Franklin Circuit Court and to the Court of Appeals in the manner provided by KRS 281.780 to 281.785.

The renewal by the bureau of any license shall not be construed to be a waiver or condonement of any violation which occurred prior to such renewal and shall not prevent subsequent proceedings against the licensee therefor.

Section 9. KRS 190.057 is amended to read as follows:

(1) Hearings under this chapter shall be heard by the bureau and may be held at the most convenient place for the parties and witnesses. The hearing shall be conducted by an examiner of the bureau. Any of the parties thereto may, within twenty (20) days after the date of the report and recommended order, file and serve exceptions thereto and reasons in support thereof. Replies may be served and filed within twenty (20) days after the date of the filing of exceptions. Thereafter the commissioner shall consider and pass upon the case. When passed upon by the commissioner and approved by the *commission* [~~board~~], the decision shall be served by mail upon all parties and shall be a final order of the bureau. The report and recommended order will not become the decision of the bureau through failure to file exceptions, but in the absence of exceptions ordinarily will be taken by the bureau as the basis of its decision.

(2) A final order may be withdrawn, set aside or amended, provided, however, that such action is taken between the date of the rendition of the final order and the expiration of the time for appeal or until an appeal has been taken.

Section 10. KRS 190.063 is amended to read as follows:

The bureau of vehicle regulation shall serve as the administrative and enforcement agency of the *commission* [~~board~~] in all respects and shall perform such services and duties as it may be legally called upon to do. In addition to the other powers granted to the bureau, it shall have the powers of arrest for violation of the provisions of this chapter. In the event the *commission* [~~board~~] fails to perform any of its official duties within the time prescribed herein, the bureau may perform said duties and certify its actions to the *commission* [~~board~~].

Section 12. KRS 190.073 is amended to read as follows:

Section 2. KRS 190.015 is amended to read as follows:

The legislature finds and declares that the distribution and sale of vehicles within this state vitally affects the general economy of the state and the public interest and the public welfare, and that in order to promote the public interest and public welfare, and in the exercise of its police power, it is necessary to regulate and license vehicle manufacturers, distributors or wholesalers, brokers and auctioneers, and factory or distributor representatives, and to regulate and license dealers of vehicles doing business in this state, in order to prevent frauds, impositions, and other abuses upon its citizens, and to protect and preserve the investments and properties of the citizens of this state [~~It is hereby declared to be the public policy of this commonwealth to provide for fair and impartial regulation of those persons engaged in the business of the manufacture, distribution or sale of motor vehicles. Any of the provisions of this chapter which are applicable to such activities shall be administered in such a manner as will promote honesty, integrity, safety, veracity and sound economic conditions in the motor vehicle sales industry and among those engaged therein, without unjust discrimination or undue preference or advantage. It is declared to be the further policy of the commonwealth to protect the public interest in the purchase and trade of motor vehicles, so as to insure protection against irresponsible vendors or dishonest or fraudulent sales practices~~].

Section 3. KRS 190.030 is amended to read as follows:

(1) No motor vehicle dealer, *new, used or auction motor vehicle dealer, motor vehicle leasing dealer, broker, wholesaler, or a salesman of motor vehicles in any of the described categories herein,* [~~or motor vehicle salesman~~] shall engage in business as such in this state without a license therefor as provided in KRS 190.010 to 190.080. If any *such person* [~~motor vehicle dealer~~] acts as a motor vehicle salesman he shall secure a motor vehicle salesman's license in addition to a license for a motor vehicle dealer.

(2) No manufacturer of motor vehicles, or factory branch, or distributor or distributor branch, or wholesaler shall engage in business as such in this state without a license therefor as provided in KRS 190.010 to 190.080.

(3) No factory representative or distributor representative shall engage in business as such in this state without a license therefor as provided in KRS 190.010 to 190.080.

(4) Application for license shall be made to the licensor, at such time, in such form and containing such information as the licensor shall require and shall be accompanied by the required fee. The licensor may require in such application, or otherwise, information relating to the applicant's solvency, his financial standing or other pertinent matter commensurate with the safeguarding of the public interest in the locality in which said applicant proposes to engage in business, all of which may be considered by said licensor in determining the fitness of said applicant to engage in business as set forth in this section.

(5) All licenses shall be granted or refused within 30 days after application therefor, and shall expire, unless sooner revoked or suspended, on December 31 of the calendar year for which they are granted, except that where a complaint of unfair cancellation of dealer franchise is in the process of being heard, no replacement application for such franchise shall be considered until a decision is rendered by the board.

(6) The license fee for such calendar year, or part thereof, shall be as follows, effective January 1, *1982* [~~1967~~]:

(a) For *new* motor vehicle dealers, one hundred dollars ($100.00) for each office or branch or agent thereof, plus one *hundred dollars ($100)* [~~dollar ($1.00)~~] for a supplemental license for each used car lot not immediately adjacent to the office or to a branch.

(b) *For used motor vehicle dealers, one hundred dollars ($100) for each office or branch or agent thereof.*

(c) For motor vehicle leasing dealers, one hundred dollars ($100) for each office or branch or agent thereof.

(d) For motor vehicle manufacturers, *one hundred dollars ($100)* [~~fifty dollars ($50.00)~~]; and for each factory branch in this state, *one hundred dollars ($100)* [~~five dollars ($5.00)~~].

(e)[~~(c)~~] For distributors, *motor vehicle auction dealers* or wholesalers, the same as for dealers.

(f)[~~(d)~~] For motor vehicle salesmen, five dollars ($5.00).

(g)[~~(e)~~] For factory representative, or distributor branch representative, *one hundred dollars ($100)* [~~five dollars ($5.00)~~].

(7) The licenses of dealers, manufacturers, factory branches, distributors, and distributor branches shall specify the location of the office or branch and must be conspicuously displayed there. In case such location be changed, the licensor shall indorse the change of location on the license without charge if it be within the same municipality. A change of location to another municipality shall require a new license.

(8) Every salesman, factory representative or distributor representative shall carry his license when engaged in his business, and display the same upon request. The license shall name his employer, and in case of a change of employer, the salesman shall immediately mail his license to the licensor who shall indorse such change on the license without charge.

(9) Provided the licensor has reasonable cause to doubt the financial responsibility or the compliance by the applicant or licensee with the provisions of this statute the licensor may require such applicant or licensee to furnish and maintain a bond in such form, amount and with such sureties as it shall approve, but not less than [~~five thousand dollars ($5,000), nor more than~~] fifteen thousand dollars ($15,000), conditioned upon such applicant or licensee complying with the provisions of the statutes applicable to the licensee and as indemnity for any loss sustained by any person by reason of any acts of the licensee constituting grounds for suspension or revocation of his license hereunder. The bonds shall be executed in the name of the state of Kentucky for the benefit of any aggrieved parties, but the penalty of said bond shall not be invoked except after a court adjudication thereof. The above bonding requirements shall not apply to manufacturers, factory branches, and their agents.

(10) Application for dealer's license shall be submitted to the bureau in duplicate and contain such information as the bureau may require. No motor vehicle dealer, unless licensed under KRS 190.010 to 190.080, shall be permitted to register, receive, or use any motor vehicle registration plates.

(11) Every motor vehicle dealer licensed in accordance with the provisions of this section shall make reports to the licensor at such intervals and showing such information as the licensor may require.

Section 4. KRS 190.033 is amended to read as follows:

No motor vehicle dealer's license, *or motor vehicle auction dealer's license* or wholesaler's license shall be issued or renewed unless the applicant or holder of said license shall have on file with the bureau an approved indemnifying bond or insurance policy issued by some surety company or insurance carrier authorized to transact business within the Commonwealth of Kentucky. The term of the bond or policy shall be continuous and shall remain in full force until cancelled under proper notice. All bonds or policies must be issued in the name of the holder or applicant for the dealer's license or wholesaler's license. The bond or policy shall provide public liability and property damage coverage for the operation of any vehicle owned or being offered for sale by the said dealer or wholesaler when being operated by the owner or seller, his agents, servants, employes, prospective customers or other persons. The amount of said insurance shall be *one hundred thousand dollars ($100,000)* [~~ten thousand dollars ($10,000)~~] for bodily injury or death of any one person; and *three hundred thousand dollars ($300,000)* [~~twenty thousand dollars ($20,000)~~] for bodily injury or death in any one accident; and *fifty thousand dollars ($50,000)* [~~five thousand dollars ($5,000)~~] property damage. Said bond or insurance policy may not be cancelled unless fifteen (15) days' notice by the bondsman or insurance carrier has been given in writing to the bureau. Upon the cancellation of any bond or insurance policy required hereunder, the right to engage in the business of a motor vehicle dealer or wholesaler shall immediately abate; provided, however, that if the bond or insurance policy is reinstated within thirty (30) days from the date of cancellation the rights granted by the license shall again be in force and effect, otherwise, the said license shall become void.

Section 5. KRS 190.035 is amended to read as follows:

No license shall be issued by the bureau *for the purposes and to the persons described in this Act, either as dealer or salesman* [~~to any person to act as a motor vehicle dealer, or as a motor vehicle salesman for a motor vehicle dealer~~], unless the applicant for the [~~motor vehicle dealer~~] license has *an established* [~~a fixed and permanent~~] place of business *as defined in KRS 190.010* [~~in this state, including a lot and a building of suitable character and adequate facilities for the purpose of performing the functional business and duties of a motor vehicle dealer, which shall include the books, records, files and equipment necessary to properly conduct such business. The place of business shall not consist of a residence, tent, temporary stand or open lot~~]. A *licensee* [~~dealer~~] may conduct more than one (1) business in a building otherwise meeting the requirements of this chapter providing he has suitable space and adequate facilities therein to properly conduct the business of a motor vehicle dealer. *Provided, however, a used motor vehicle dealer having annual unit sales of more than six (6) units shall have an established place of business as required in this chapter.* The lot requirement of this section may be waived if the dealer has sufficient space within a building to properly show and display the motor vehicles being sold by him. The dealer shall display a sign easily visible from the street identifying his business.

Section 6. KRS 190.045 is amended to read as follows:

(1) *Not withstanding the terms, provisions or conditions of any franchise or notwithstanding the terms or provisions of any waiver, no manufacturer shall cancel, terminate or fail to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has:*

(a) Satisfied the notice requirement of subsection (4); and

(b) Has good cause for cancellation, termination, or nonrenewal; and

(c) Has acted in good faith as defined in this Act.

(2) Notwithstanding the terms, provisions or conditions of any franchise or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation or nonrenewal when:

(a) There is a failure by the new motor vehicle dealer to comply with a provision of the franchise which provision is both reasonable and of material significance to the franchise relationship, provided that the dealer has been notified in writing of the failure within one hundred eighty (180) days after the manufacturer first acquired knowledge of such failure.

(b) If the failure by the new motor vehicle dealer, defined in (a) above, relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer, if the new motor vehicle dealer was apprised by the manufacturer in writing of such failure, and

1. Said notification stated that notice was provided of failure of performance pursuant to this section;

2. The new motor vehicle dealer was afforded a reasonable opportunity, for a period of not less than six (6) months, to comply with such criteria; and

3. The new motor vehicle dealer did not demonstrate substantial progress toward compliance with the manufacturer's performance criteria during such period.

(3) The manufacturer shall have the burden of proof under this section.

(4) Notwithstanding the terms, provisions or conditions of any franchise prior to the termination, cancellation, or nonrenewal of any franchise, the manufacturer shall furnish notification of such termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:

(a) In the manner described in subsection (2)(b); and

(b) In not less than ninety (90) days prior to the effective date of such termination, cancellation or nonrenewal; or

(c) In not less than fifteen (15) days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:

1. Insolvency of the new motor vehicle dealer, or filing of any petition by or against the new motor vehicle dealer under any bankruptcy or receivership law;

2. Failure of the new motor vehicle dealer to conduct its customary sales and service operations during its customary business hours for seven (7) consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;

3. Fraudulent misrepresentation by the new motor vehicle dealer to the manufacturer or distributor which is material to the franchise;

4. Conviction of the new motor vehicle dealer, or any owner or operator thereof, of any felony which is punishable by imprisonment; or

5. Revocation of any license which the new motor vehicle dealer is required to have to operate a dealership;

(d) In not less than one hundred eighty (180) days prior to the effective date of such termination or cancellation where the manufacturer or distributor is discontinuing the sale of the product line.

(5) Notification under this section shall be in writing by certified mail or personally delivered to the new motor vehicle dealer; and shall contain:

(a) A statement of intent to terminate, cancel, or not to renew the franchise; and

(b) A statement of the reasons for the termination, cancellation or nonrenewal; and

(c) The date on which such termination, cancellation or nonrenewal takes effect.

(6) Upon the termination, nonrenewal or cancellation of any franchise, pursuant to this section, the new motor vehicle dealer shall be allowed fair and reasonable compensation by the manufacturer for the:

(a) New current model year motor vehicle inventory which has been acquired from the manufacturer, and which has not been damaged or altered while in the dealer's possession;

(b) Supplies and parts which have been acquired from the manufacturer;

(c) Equipment and furnishings provided the new motor vehicle dealer purchased from the manufacturer or its approved sources; and

(d) Special tools.

Such fair and reasonable compensation shall be paid by the manufacturer within ninety (90) days of the effective date of termination, cancellation or nonrenewal, provided the new motor vehicle dealer has clear title to the inventory and other items and is in a position to convey that title to the manufacturer.

(7) In the event of a termination, cancellation, or nonrenewal under this section, and the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer, or owns the dealership facilities, the manufacturer shall pay a reasonable rent to the dealer in accordance with and subject to subsection (8) below.

(8) (a) Such reasonable rental value shall be paid only to the extent the dealership premises are recognized in the franchise and only if they are:

1. Used solely for performance in accordance with the franchise; and

2. Not substantially in excess of those facilities recommended by the manufacturer.

(b) If the facilities are owned by the dealer, the manufacturer will either:

1. Locate a purchaser who will offer to purchase the dealership facilities at a reasonable price; or

2. Locate a lessee who will offer to lease the premises for a reasonable term at a reasonable rent; or

(3) Failing the foregoing, lease the dealership facilities at a reasonable rental value for one (1) year.

(c) If the facilities are leased by the dealer, the manufacturer will either:

1. Locate a tenant or tenants satisfactory to the lessor, who will sublet or assume the balance of the lease; or

2. Arrange with the lessor for the cancellation of the lease without penalty to the dealer; or

3. Failing the foregoing, lease the dealership facilities at a reasonable rent for one (1) year.

(d) The manufacturer shall not be obligated to provide assistance under this section if the dealer:

1. Fails to accept a bona fide offer from a prospective purchaser, sublessee or assignee; or

2. Refuses to execute a settlement agreement with the lessor if such agreement would be without cost to the dealer; or

3. Fails to make written request for assistance under this section within one (1) month of the termination, cancellation or nonrenewal.

(e) If, in an action for damages under this section, the manufacturer or distributor fails to prove either that the manufacturer or distributor has acted in good faith or that there was good cause for the franchise termination, cancellation, or nonrenewal, then the manufacturer or distributor may terminate, cancel or fail to renew the franchise upon payment to the new motor vehicle dealer of an amount equal to the value of the dealership as an ongoing business location. [~~No franchise entered into or renewed after January 1, 1973 between a motor vehicle dealer and a manufacturer or distributor may be cancelled, terminated, or not renewed by the manufacturer or the distributor except and only after sixty (60) days' notice has been given to the dealer and the bureau, which notice must outline the reasons and causes for the cancellation, termination, or non-renewal of the franchise. A notice of less than sixty (60) days may be approved by the bureau upon written application of both the dealer and manufacturer or distributor; or upon written application of the manufacturer or distributor, with notice to the dealer, if in the discretion of the bureau a lesser period is justified by reason of the circumstances of the cancellation, termination or failure to renew.~~

~~(2) A dealer may, within the sixty (60) day period or lesser period if approved by the bureau file a complaint against the manufacturer or the distributor with the bureau, questioning the reasons and causes given for the proposed cancellation, termination or nonrenewal of the franchise. Upon a complaint being filed, the bureau shall promptly set the matter for public hearing, in accordance with the provisions of KRS 190.057, for the purpose of determining whether the cancellation, termination or nonrenewal is in violation of the provisions of KRS 190.040 or whether just cause does exist for cancellation, termination or nonrenewal.~~

~~(3) The franchise shall stay in full force and effect pending the determination by the bureau of the issues involved. If the bureau determines that the manufacturer or distributor is acting in violation of the licensing law or that no just cause exists for the proposed action, then the bureau shall order that the franchise be kept in full force and effect.~~

~~(4) The bureau shall order that the franchise may be cancelled, terminated or not renewed if it finds the licensed dealer is acting in violation of the licensing law or that just cause does exist for the proposed action.~~

~~(5) Failure of the manufacturer or distributor to give proper notice or to keep the franchise in full force and effect pending determination by the bureau, or to abide by the final order of the bureau shall be cause for the bureau to refuse to issue a license to a replacement dealer or to a dealership which would be conducted in the same area and selling the same make of motor vehicles where the dealer in question was engaged in business.~~]

Section 7. KRS 190.046 is amended to read as follows:

(1) Notwithstanding the terms of any franchise agreement, each motor vehicle manufacturer or distributor, doing business within this Commonwealth, shall assume all responsiblity for and shall defend, indemnify and hold harmless its motor vehicle dealers against any loss, damages, and expenses, including legal costs, arising out of complaints, claims, or lawsuits resulting from warranty defects, which shall include structural or production defects or defects in the assembly, or design of motor vehicles, parts, accessories, or other functions beyond the control of the dealer, including without limitation, the selection of parts or components for

the vehicle. Each manufacturer or distributor shall pay reasonable compensation to any authorized dealer who performs work to repair such defects, or to repair any damage to the manufacturer's or distributor's product sustained while the product is in transit to the dealer, when the carrier or the means of transportation is designated by the manufacturer or distributor. Each manufacturer or distributor shall provide to its dealers with each model year a schedule of time allowances for the performance of warranty repair work and services, which shall include time allowances for the diagnosis and performance of warranty work and service time, and shall be reasonable and adequate for the work to be performed.

(2) In the determination of what constitutes "reasonable compensation" under this section the principal factor to be considered shall be the amount of money which the dealer is charging its other customers for the same type service or repair work. However, other factors such as the compensation being paid by other manufacturers or distributors to their dealers for such work; and the prevailing amount of money being paid or charged by the dealers in the city or community in which the authorized dealer is doing business may be considered. "Reasonable compensation" comprehends diagnosing the defect, repair service, labor, parts and administrative and clerical costs, and in no event shall such compensation of a dealer be less than the amount charged by such dealer for like services and parts (minimum compensation for parts shall be dealer cost plus *thirty percent (30%)* [~~twenty-five percent (25%)~~] gross profit) to retail customers for non-warranty service and repairs, or less than the amounts indicated for such work on the schedule of warranty compensation required to be filed by the manufacturer with the bureau as a part of the manufacturer's license application by KRS 190.030.

(3) A manufacturer or distributor shall not require unreasonable proof to establish "reasonable compensation" or delay reimbursement of payment to the dealer beyond thirty-five (35) days from the submission by mail of a valid warranty claim. If a valid warranty claim is not paid within forty-five (45) days, the dealer may give the manufacturer one (1) copy of the dealer's related repair order bearing the customer's signature, the dealer's signature, the date the work was completed, the vehicle serial number or identification number, the odometer reading, the date of delivery of the vehicle, a list of the parts and supplies used if applicable, a brief general description of the defect, and the amount of money charged the manufacturer or distributor for the work. If after fifteen (15) days, the valid warranty claim is still not paid, the dealer may deduct a like amount from any monies due or owing to the manufacturer or distributor. The dealer must hold the defective part or parts for inspection by the manufacturer or distributor for a period of time not to exceed ninety (90) days from the time the warranty claim is submitted. The manufacturer or distributor shall not unfairly discriminate against any dealer in the application of warranty, policy, and procedure or deny any valid warranty order claim submitted by a franchised dealer within thirty (30) days from completion of the work or longer if existing manufacturer-dealer relationships apply. Upon the written request of the dealer for valid reasons the manufacturer will extend the submission time. Any dispute between the dealer and the manufacturer or distributor shall be subject to the provisions of KRS 190.057.

Section 8. KRS 190.047 is amended to read as follows:

(1) Unless a franchise specifically states to the contrary, no franchise or any interest therein may be sold, transferred, or assigned without the approval of the manufacturer or distributor.

(2) A dealer desiring to sell, transfer or assign all or any portion of his franchise shall submit a written proposal of such sale, transfer or assignment to the manufacturer or distributor, and approval of such proposal shall not be arbitrarily or unreasonably withheld.

(3) The refusal of the manufacturer or the distributor to approve a proposed sale, transfer or assignment shall be subject to review by the *licensor* [~~bureau~~], provided a written application for review is filed with the *licensor* [~~bureau~~], with notice to the manufacturer or distributor, within thirty (30) days of the date of such refusal and such refusal shall not be final until the *licensor* [~~bureau~~], after a hearing has been held in accordance with the provisions of KRS 190.057, has determined that the approval was not arbitrarily or unreasonably withheld. The *licensor* [~~bureau~~] shall make such determination within ninety (90) days after the application for review has been filed with the *licensor* [~~bureau~~].

(4) The burden of proof shall be on the dealer to show that the approval of the sale, transfer or assignment of any interest in the franchise was arbitrarily or unreasonably withheld. Factors to be considered in determining whether the manufacturer or distributor acted arbitrarily or unreasonably shall include whether the basic financial and facility requirements of the franchise will be met by the proposed transfer, sale or assignment and that the proposed purchaser, transferee or assignee is capable of operating, managing and supervising the operation of the business in question.

(5) Failure of the manufacturer or distributor to abide by the final order of the *licensor* [~~bureau~~] or to continue the franchise in effect pending the final determination of the issue by the *licensor* [~~bureau~~] shall be cause for the *licensor* [~~bureau~~] to refuse to issue a subsequent license in the same county or franchise area to an applicant who will be selling the same motor vehicles as the former dealer for the same manufacturer or distributor.

(6) In the event that a manufacturer, distributor, factory branch, or factory representative seeks to enter into a franchise establishing an additional new motor vehicle dealership, or relocating an existing new

motor vehicle dealership within or into a relevant market area where the same line make is then represented, the manufacturer, distributor, factory branch, or factory representative shall, in writing, first notify the licensor, and each new motor vehicle dealer in such line make in the relevant market area, of the intention to establish an additional dealership, or to relocate an existing dealership within or into that market area. The relevant market area shall be a radius of ten (10) miles around an existing dealership. Within fifteen (15) days of receiving such notice, or within fifteen (15) days after the end of any appeal procedure provided by the manufacturer, distributor, factory branch, or factory representative, any such new motor vehicle dealership may file with the licensor a protest to the establishment or relocation of the new motor vehicle dealership. When such a protest is filed, the licensor shall inform the manufacturer, distributor, factory branch, or factory representative, that a timely protest has been filed, and that the manufacturer, distributor, factory branch, or factory representative shall not establish or relocate the proposed new motor vehicle dealership until the licensor has held a hearing, if the licensor has determined that there is good cause for not permitting such new motor vehicle dealership. For the purposes of this section, the reopening in a relevant market area of a new motor vehicle dealership that has not been in operation for two (2) years or more shall be deemed the establishment of an additional new motor vehicle dealership.

(7) In determining whether good cause has been established for not entering into or relocating an additional franchise for the same line make, the licensor shall take into consideration the existing circumstances, including, but not limited to:

(a) Permanency of the investment;

(b) Effect on the retail new motor vehicle business and the consuming public in the relevant market area;

(c) Whether it is injurious to the public welfare for an additional new motor vehicle dealership to be established;

(d) Whether the new motor vehicle dealer of the same line make in that relevant market area is providing adequate competition and convenient consumer care for the motor vehicles of the line make in the market area, which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;

(e) Growth, or decline in population and new car registrations in the relevant market areas;

(f) Whether the establishment of a new motor vehicle dealership would increase the competition, and therefore, be in the public interest;

(g) The effect on the relocating dealer of a denial of its relocation into the relevant market area.

(8) Any parties to a hearing by the licensor concerning the establishing or relocating of a new motor vehicle dealership shall have a right of review of the decision in a court of competent jurisdiction.

(9)[~~(6) Notwithstanding the provisions of KRS 190.010(2)(a),~~] The provisions of this section shall apply to the personal representative, executor or administrator of the estate of an individual who had an interest in a franchise, or to the committee of an individual who has been declared incompetent and who has such an interest for one (1) year following appointment.

(10) The provisions of this section do not apply to:

(a) The relocation of an existing dealership within that dealer's area of responsibility contained in its franchise agreement, provided the relocation is not within five (5) miles of a new motor vehicle dealer of the same line make; or

(b) The relocation of an existing dealership to a site that is further away from an existing dealership of the same line make.

Section 9. KRS 190.047, 1980 Acts Chapter 396, Section 69, effective July 1, 1982 is amended to read as follows:

(1) Unless a franchise specifically states to the contrary, no franchise or any interest therein may be sold, transferred, or assigned without the approval of the manufacturer or distributor.

(2) A dealer desiring to sell, transfer or assign all or any portion of his franchise shall submit a written proposal of such sale, transfer or assignment to the manufacturer or distributor, and approval of such proposal shall not be arbitrarily or unreasonably withheld.

(3) The refusal of the manufacturer or the distributor to approve a proposed sale, transfer or assignment shall be subject to review by the *licensor* [~~bureau~~], provided a written application for review is filed with the *licensor* [~~bureau~~], with notice to the manufacturer or distributor, within thirty (30) days of the date of such refusal and such refusal shall not be final until the *licensor* [~~bureau~~], after a hearing has been held in accordance with the provisions of KRS 190.057, has determined that the approval was not arbitrarily or unreasonably withheld. The *licensor* [~~bureau~~] shall make such determination within ninety days after the application for review has been filed with the *licensor* [~~bureau~~].

(4) The burden of proof shall be on the dealer to show that the approval of the sale, transfer or assignment of any interest in the franchise was arbitrarily or unreasonably withheld. Factors to be considered in determining whether the manufacturer or distributor acted arbitrarily or unreasonably shall include whether the basic financial and facility requirements of the franchise will be met by the proposed transfer,

sale or assignment and that the proposed purchaser, transferee or assignee is capable of operating, managing and supervising the operation of the business in question.

(5) Failure of the manufacturer or distributor to abide by the final order of the *licensor* [~~bureau~~] or to continue the franchise in effect pending the final determination of the issue by the *licensor* [~~bureau~~] shall be cause for the *licensor* [~~bureau~~] to refuse to issue a subsequent license in the same county or franchise area to an applicant who will be selling the same motor vehicles as the former dealer for the same manufacturer or distributor.

(6) In the event that a manufacturer, distributor, factory branch, or factory representative seeks to enter into a franchise establishing an additional new motor vehicle dealership, or relocating an existing new motor vehicle dealership within or into a relevant market area where the same line make is then represented, the manufacturer, distributor, factory branch, or factory representative shall, in writing, first notify the licensor, and each new motor vehicle dealer in such line make in the relevant market area, of the intention to establish an additional dealership, or to relocate an existing dealership within or into that market area. The relevant market area shall be less than a radius of ten (10) miles around an existing dealership. Within fifteen (15) days of receiving such notice, or within fifteen (15) days after the end of any appeal procedure provided by the manufacturer, distributor, factory branch, or factory representative, any such new motor vehicle dealership may file with the licensor a protest to the establishing or relocating of the new motor vehicle dealership. When such a protest is filed, the licensor shall inform the manufacturer, distributor, factory branch, or factory representative that a timely protest has been filed, and that the manufacturer, distributor, factory branch, or factory representative shall not establish or relocate the proposed new motor vehicle dealership until the licensor has held a hearing, if the licensor has determined that there is good cause for not permitting such new motor vehicle dealership. For the purposes of this section, the reopening in a relevant market area of a new motor vehicle dealership that has not been in operation for one (1) year or more shall be deemed the establishment of an additional new motor vehicle dealership.

(7) In determining whether good cause has been established for not entering into or relocating an additional franchise for the same line make, the licensor shall take into consideration the existing circumstances, including, but not limited to:

(a) Permanency of the investment;

(b) Effect on the retail new motor vehicle business and the consuming public in the relevant market area;

(c) Whether it is injurious to the public welfare for an additional new motor vehicle dealership to be established;

(d) Whether the new motor vehicle dealer of the same line make in that relevant market area is providing adequate competition and convenient consumer care for the motor vehicles of the line make in the market area which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts and qualified service personnel.

(8) Any parties to a hearing by the licensor concerning the establishing or relocating of a new motor vehicle dealership shall have a right of review of the decision in Franklin Circuit Court.

(9)[~~(6) Notwithstanding the provisions of KRS 190.010(2)(a),~~] The provisions of this section shall apply to the personal representative, executor or administrator of the estate of an individual who had an interest in a franchise, or to the guardian or conservator of an individual who has been declared mentally disabled and who has such an interest for one (1) year following appointment.

(10) The provisions of this section do not apply to:

(a) The relocation of an existing dealership within that dealer's area of responsibility contained in its franchise agreement, provided the relocation is not within five (5) miles of a new motor vehicle dealer of the same line make; or

(b) The relocation of an existing dealership to a site that is further away from an existing dealership of the same line make.

SECTION 10. A NEW SECTION OF KRS CHAPTER 190 IS CREATED TO READ AS FOLLOWS:

(1) Any owner of a new motor vehicle dealership may appoint by will, or any other written instrument, a designated family member to succeed in the ownership interest of the said owner in the new motor vehicle dealership.

(2) Unless there exists good cause for refusal to honor succession on the part of the manufacturer or distributor, any designated family member of a deceased or incapacitated owner of a new motor vehicle dealership may succeed to the ownership of the new motor vehicle dealership under the existing franchise provided that:

(a) The designated family member gives the manufacturer or distributor written notice of his or her intention to succeed to the ownership of the new motor vehicle dealership within ninety (90) days of the owner's death or incapacity; and

(b) The designated family member agrees to be bound by all the terms and conditions of the franchise.

(3) The manufacturer or distributor may request, and the designated family member shall provide, promptly upon said request, personal and financial data that is reasonably necessary to determine whether the succession should be honored.

SECTION 11. A NEW SECTION OF KRS CHAPTER 190 IS CREATED TO READ AS FOLLOWS:

(1) If a manufacturer or distributor believes that good cause exists for refusing to honor the succession to the ownership of a new motor vehicle dealership by a family member of a deceased or incapacitated owner of a new motor vehicle dealership under the existing franchise agreement, the manufacturer or distributor may, not more than sixty (60) days following the receipt of:

(a) Notice of the designated family member's intent to succeed to the ownership of the new motor vehicle dealership; or

(b) Any personal or financial data which it has requested;

serve upon the designated family member and the commission, notice of its refusal to honor the succession and its intent to discontinue the existing franchise with the dealer no sooner than ninety (90) days from the date such notice is served.

(2) The notice provided in subsection (1)(b) of this section must state the specific grounds for the refusal to honor the succession and of its intent to discontinue the existing franchise with the new motor vehicle dealer no sooner than ninety (90) days from the date such notice is served.

(3) If notice of refusal and discontinuance as provided in subsection (1)(b) of this section is not timely served upon the family member, the franchise shall continue in effect subject to termination only as otherwise permitted by this Act.

(4) In determining whether good cause for the refusal to honor the succession exists, the manufacturer, distributor, factory branch, or importer has the burden of proving that the successor is a person who is not of good moral character or does not meet the franchisor's existing and reasonable standards, and considering the volume of sales and service of the new motor vehicle dealership, the uniformly applied business experience standards in the market area.

Section 12. KRS 190.0491 is amended to read as follows:

(1) "Delivery" of a motor vehicle to a dealer by a manufacturer or distributor for the purposes of this section shall be accomplished by the:

(a) Tender of the motor vehicle and any documents necessary to enable the dealer to obtain title and possession of the motor vehicle at the dealer's place of business or designated place of delivery, and

(b) The giving of notice of such tender of the motor vehicle and documents to the dealer.

(2) Whenever a motor vehicle is damaged while in transit when the carrier or the means of transportation is designated by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the dealer, the dealer must:

(a) Notify the manufacturer or distributor of such damage within three (3) working days of the occurrence of the delivery of the motor vehicle as defined in subsection (1) of this section; and

(b) Must request from the manufacturer or distributor authorization to repair the damages sustained or to replace the parts or accessories damaged.

Such notification of damage by the dealer must be by certified mail, with a notice of delivery requested to be returned to the dealer, and shall be presumed to have occurred upon deposit of the notice with the United States postal service.

(3) In the event the manufacturer or distributor refuses or fails to authorize repair or replacement of any such damage within three (3) working days of notification of damage by the dealer, ownership of the motor vehicle shall revert to the manufacturer or distributor, and the dealer shall incur no obligations, financial or otherwise, for such damage to the motor vehicle. In determining when such notification of the damage by the dealer to the manufacturer or distributor occurs, the date the notice is received by the manufacturer or distributor by the United States postal service indicated on the notice of delivery returned to the dealer shall be controlling.

(4) In computing the lapse of three (3) working days under this section, the day of the occurrence of delivery of the motor vehicle to the dealer by the manufacturer or distributor, as defined in subsection (1) of this section, or the day of notification of the damage to the manufacturer or distributor by the dealer, as described in subsection (3) of this section, is not to be included, but the last working day of the period so computed is to be included.

(5) Prior to the sale of any motor vehicle damaged prior to delivery to the dealer as described in subsection (2) of this section, excluding damage to glass, tires and bumpers when replaced by identical manufacturer's original equipment and any damage *not exceeding six percent (6%) of the sticker price of the vehicle* [~~requiring less than four (4) hours to repair, above~~], the occurrence and extent of such damage must be disclosed by the dealer to the consumer, and upon repair of the damage sustained, or replacement of the parts or accessories damaged, the manufacturer and/or dealer, must certify to the consumer that the motor

vehicle has been repaired or remanufactured to the manufacturer's standards; if the dealer makes the certification he shall be indemnified by the manufacturer. Upon such certification, liability for any concealed damages then remaining with the motor vehicle shall lie with the manufacturer.

(6) Whenever a motor vehicle is damaged after delivery to the dealer by the manufacturer or distributor, as defined in subsection (1) of this section, but before sale by the dealer to the consumer, the occurrence and extent of such damage must be disclosed by the dealer to the consumer prior to such sale, and upon repair of the damage sustained, or replacement of parts or accessories damaged, the dealer must certify to the consumer that this motor vehicle has been repaired or remanufactured according to the manufacturer's standards. Upon such certification, liability for any concealed damages then remaining with the motor vehicle shall lie with the dealer.

(7) Notwithstanding the terms of any franchise agreement, it shall be a violation of this section for any new motor vehicle manufacturer to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement agreed to in writing by the manufacturer for damages, including, but not limited to, court costs and reasonable attorneys' fees of the new motor vehicle dealer, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or recission of the sale as is defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement agreed to in writing by the manufacturer relates to the alleged defective or negligent manufacture, assembly, or design of new motor vehicles, parts, or accessories or other functions by the manufacturer, beyond the control of the dealer.

Section 13. KRS 190.070 is amended to read as follows:

(1) *It shall be a violation of this section for any manufacturer, distributor, factory branch, or factory representative licensed under this code to require any new motor vehicle dealer in the Commonwealth:*

(a) To order or accept delivery of any motor vehicle, part or accessory thereof, appliances, equipment, or any other product not required by law, which shall not have been voluntarily ordered by the new motor vehicle dealer; except that this subsection is not intended to modify or supercede any terms or provisions of the franchise requiring new motor vehicle dealers to market a representative line of those motor vehicles which the manufacturer or distributor is publicly advertising.

(b) To order or accept delivery of any new motor vehicle with special features, appliances, accessories, or equipment not included in the list price of such motor vehicles, as publicly advertised by the manufacturer or distributor.

(c) To order for any person any parts, accessories, equipment, machinery tools, appliance, or any commodity whatsoever not required in connection with a recall campaign.

(d) To participate monetarily in an advertising campaign or contest, any promotional materials, training materials, showroom or other display decorations, or materials, at the expense of the dealer, without the consent of the dealer.

(e) To enter into any agreement with the manufacturer, distributor, factory branch, or factory representative, or to do any other act prejudicial to the new motor vehicle dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and the manufacturer, distributor, factory branch, or factory representative. Notice in good faith to any dealer of the dealer's violation of any terms or provisions of such franchise, or contractual agreement shall not constitute a violation of this law.

(f) To change the capital structure of the dealership, or the means by or through which the dealer finances the operation of the dealership, provided that the dealership at all times meets any reasonable capital standards agreed to by the dealer, excluding any entity engaged primarily in providing financing or insurance on motor vehicles.

(g) To refrain from participation in the management or investment in, or the acquisition of any other line of new motor vehicle or related products; provided, however, that this subsection does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicles, and that the new motor vehicle dealer remains in substantial compliance with the terms and conditions of the franchise and with any reasonable facility requirements of the manufacturer, and no change is made in the principal management of the new motor vehicle dealership.

(h) To change location of the dealership, or to, during the course of the agreement, make any substantial alterations to the dealership premises, when to do so, would be unreasonable in light of the current economic, political, and social considerations.

(i) To prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this law, or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the duly constituted courts of the Commonwealth or the United States of America, or to the commissioner, if such referral would be binding upon the dealer.

(2) It shall be a violation of this section for any manufacturer, distributor, factory branch, or factory representative:

(a) To delay, refuse, or fail to deliver motor vehicles, or vehicle parts or accessories in reasonable quantities relative to the new motor vehicle dealer's facilities and sales potential in the new motor vehicle

dealer's relevant market area, and within a reasonable time, but in any case no more than sixty (60) days, after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle, parts, or accessories to new vehicles as are covered by such franchise, if such vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. The delivery to another dealer of a motor vehicle of the same model and similarly equipped as the vehicle ordered by a motor vehicle dealer who has not received delivery thereof, but who had placed his written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be prima facie evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle to a motor vehicle dealer within sixty (60) days, without cause. This subsection is not violated, however, if such failure is caused by acts or causes beyond the control of the manufacturer, distributor, factory branch, or factory representative.

(b) To refuse to disclose to any new motor vehicle dealer, handling the same line make, the manner and mode of distribution of that line make within the relevant market areas.

(c) To prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld.

(d) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and such other person, other than for compensation for services rendered, unless such benefit is promptly accounted for, and transmitted to, the dealer, excluding any entity engaged primarily in providing financing or insurance on motor vehicles.

(e) To increase prices of motor vehicles which the dealer had ordered for private retail customers prior to the dealer's receipt of the written official price increase notification, a sales contract signed by a private retail consumer shall constitute evidence of each such order, provided that the vehicle is in fact delivered to the customer. In the event of manufacturer price reductions, the amount of any such reduction received by a dealer shall be passed on to the private retail consumer by the dealer, if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions shall apply to all vehicles in the dealers inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price increase. Price changes caused by the following shall not be subject to the provisions of this subsection:

1. The addition to a motor vehicle of required or optional equipment pursuant to state or federal law;

2. Revaluation of the United States dollar, in the case of foreign-make vehicles or components.

3. Increased transportation charges due to an increase in the rate charged by common carrier or transporter.

(f) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line make to be sold to the state or any political subsection thereof, without making the same offer, upon written request, to all other dealers in the same line make within the relevant market area.

(g) To release to any outside party, except under subpoena, any administrative, judicial or arbitration proceedings, or any business, financial, or personal information which may be, from time to time, provided by the dealer to the manufacturer, without the express written consent of the dealer.

(h) To deny any dealer the right of free association with any other dealer for any lawful purpose.

(i) To compete without good faith with a new motor vehicle dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, distributor, factory branch, or factory representative in the relevant market area. A manufacturer, distributor, factory branch, or factory representative shall not, however, be deemed to be competing when operating a dealership, either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment, subject to loss in the dealership, and can reasonably expect to acquire full ownership of such dealership on reasonable terms and conditions.

(j) To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursement or authority granted its new motor vehicle dealers to make warranty adjustment with retail customers.

(k) To fail to give consent to the sale, transfer, or exchange of the franchise to a qualified buyer capable of being licensed as a new motor vehicle dealer in this state; provided that consent may be withheld when in light of other circumstances, granting the consent would be unreasonable.

(l) To fail to be licensed as provided in this chapter, and to maintain a bond in an amount as determined by this chapter. (1) It shall be a violation of this section for any new motor vehicle dealer:

(a) To require the purchaser of a motor vehicle as a condition of sale and delivery thereof, to also purchase special features, appliances, accessories, or equipment not desired or requested by the purchaser, unless such features, appliances, accessories, or equipment are the type which are ordinarily installed on the vehicle by the manufacturer or distributor when the vehicle is received or acquired by the dealer.

(a) The cost of the property sold. However, in accordance with such rules and regulations as the department may prescribe, a deduction may be taken if the retailer has purchased property for some purpose other than resale, has reimbursed his vendor for tax which the vendor is required to pay to the state or has paid the use tax with respect to the property, and has resold the property prior to making any use of the property other than retention, demonstration or display while holding it for sale in the regular course of business. If such a deduction is taken by the retailer, no refund or credit will be allowed to his vendor with respect to the sale of the property;

(b) The cost of the materials used, labor or service cost, interest paid, losses or any other expense;

(c) The cost of transportation of the property prior to its sale to the purchaser.

(c) The price received for labor or services used in installing or applying the property sold;

Accumulated earnings for the Common School Fund shall each fiscal year be transferred to the School Foundation Program.

Funds appropriated to the School Foundation Program shall be allotted to school districts in accordance with KRS 157.310 through 157.430 and 157A.090, except that the total of the funds allotted shall not exceed the appropriations for this purpose except as provided in this Act. If funds appropriated to the School Foundation Program are insufficient to provide the amount of money required under KRS 157.390(6), allotments to local school districts shall be reduced in accordance with KRS 157.430.

The amount to be included for the 1982-83 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank	I	II	III	IV	V
Experience					
0-3 years	$16,450	$14,600	$12,750	$10,820	$9,890
4-9 years	18,290	16,450	14,600	10,820	9,890
10 years & over	19,960	18,110	16,260	10,820	9,890

Beginning with the school year 1983-84, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank	I	II	III	IV	V
Experience					
0-3 years	$17,590	$15,740	$13,890	$11,960	$11,030
4-9 years	19,430	17,590	15,740	11,960	11,030
10 years & over	21,100	19,250	17,400	11,960	11,030

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Department of Revenue. Said department shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Department of Revenue shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1982-83 and 1983-84 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

The General Assembly acknowledges that included in the Finance Secretary's Order 82-96 is decreased funding for the School Foundation Program for school year 1981-82. One result of that appropriation reduction is that state funds are not provided for the cost of two (2) of the four (4) in-service days provided by KRS 158.070(3). The General Assembly hereby ratifies said funding reduction for school year 1981-82, but reestablishes funding for all four (4) in-service days for school years 1982-83 and 1983-84. However, included in the appropriation in fiscal year 1982-83 is $5,500,000 to reimburse school districts for the above mentioned, unfunded two (2) in-service days in the 1981-82 fiscal year. The Department of Education shall cause this reimbursement to be distributed not later than July 31, 1982, in amounts determined by the Department of Education.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(2)(a) and 702 KAR 1:020, except that for purposes of calculation of salary allotments under the Foundation Program, the number of days of employment beyond 185 days shall be established in regulations promulgated by the State Board of Education upon recommendation by the Superintendent of Public Instruction, and funding for these extended employment days shall not exceed $18,761,100 in fiscal year 1982-83 and $19,820,000 in fiscal year 1983-84.

The allotment of any school district classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

Notwithstanding the provisions of KRS 157.360(2), the allotments to school districts of basic classroom units for grades one (1) through three (3) shall be made on the basis of one for every twenty-five (25) pupils in average daily attendance. The allotments of basic classroom units for grades four (4) through twelve (12) shall be made on the basis of one for every twenty-seven (27) pupils in average daily attendance. Beginning with school year 1983-84, the allotment of basic classroom units shall be made on the previous year average daily attendance for the seven and one-fourth (7 ¼) school months selected by the superintendents of local school districts.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1982-83	1983-84
Vocational Education	2,858	2,858
Exceptional Children	4,210	4,210
Kindergarten	736	782

Provided, however, that if the budgeted units in any category of classroom units — Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration — prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1982-83 and fiscal year 1983-84 on the basis of one for every two classes with 25 pupils in average daily attendance in each class.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year, except as otherwise provided in this Act, in public school grades one (1) through twelve (12) after the following deductions, notwithstanding the provisions of KRS 157.360(2): (a) an average daily attendance of nine and six-tenths (9.6) in fiscal year 1982-83 and in fiscal year 1983-84 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of seven and two-tenths (7.2) in fiscal year 1982-83 and in fiscal year 1983-84 shall be deducted for each exceptional children unit allotted.

The Superintendent of Public Instruction shall enforce the limited class size of 25 in average daily attendance of grades kindergarten through three (3) on a district-wide basis for each local school district.

Notwithstanding the provisions of KRS 157.360(7)(a), the total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of basic units allotted and kindergarten units allotted divided by 8, plus the sum of vocational units allotted times 9.6 ADA and exceptional children units allotted times 7.2 ADA divided by 216.

In allotting ASIS units for those districts providing instruction above the eighth grade with a prior year's ADA of 650 or less, the allotment shall be the sum of the basic units and kindergarten units allotted divided by five (5) plus the sum of vocational units allotted times 9.6 ADA and exceptional children units allotted times 7.2 ADA divided by 135.

In allotting ASIS units for those districts providing instruction above the eighth grade with a prior year's ADA of 651 to 1,000, the allotment shall be the sum of basic units and kindergarten units allotted divided by six (6) plus the sum of vocational units allotted times 9.6 ADA and exceptional children units allotted times 7.2 ADA divided by 162.

In allotting ASIS units for those districts not providing instruction above the eighth grade with a prior year's ADA of 1,000 or less, the allotment shall be the sum of the basic units and kindergarten units allotted divided by seven and one-half (7.5) plus the sum of vocational units allotted times 9.6 ADA and exceptional children units allotted times 7.2 ADA divided by 202.5.

The State Board of Education shall promulgate regulations upon the recommendation of the superintendent of public instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1982-84 biennium shall be determined by multiplying the number of classroom units by: $3,750 in the 1982-83 school year and $4,130 in the 1983-84 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1982-83 school year and $1,900 in the 1983-84 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1982-83 and 1983-84 shall lapse to the General Fund except where provisions to the contrary are provided in this Act. No unexpended portions of the School Foundation Program fund shall be expended at any time for the purpose of KRS 156.610 through 156.650 except as identified in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, Section 8, of this Act, and the provisions of KRS 45.160.

Included in this appropriation is $69,877,500 in fiscal year 1982-83 and $77,564,000 in fiscal year 1983-84 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370 and 157A.090, except that the total of the funds allotted under KRS 157.390(5) shall not exceed $69,877,500 in fiscal year 1982-83 and $77,564,000 in fiscal year 1983-84; provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370 and 157A.090, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

There is included in the above appropriation for fiscal year 1982-83, $7,000,000 for the purpose of reimbursing school districts for transportation expenses incurred during fiscal year 1981-82.

In the event that the funds appropriated for pupil transportation in fiscal 1981-82 are insufficient to provide allotments to local school districts in accordance with KRS 157.370 and 157A.090, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS chapter 12, 42, and 45.

In the event receipts received and credited to any Federal Fund account during fiscal year 1982-83 or fiscal year 1983-84, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent, the appropriation made by specific sum to said account for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said year only with the authorization of the Executive Director of the Office for Policy and Management upon approval of the Secretary of the Finance and Administration Cabinet; provided, however, that institutions of higher education may receive and expend all Federal funds without limitation.

On or before the beginning of each fiscal year, each agency, other than institutions of higher education, shall submit to the Finance and Administration Cabinet and the Legislative Research Commission schedules for each budget unit showing estimated receipts and estimated expenditures for the ensuing fiscal year, a comparison of any revised estimates with the amounts provided in the Executive Budget as adopted by the 1982 General Assembly, and statements which explain the occurrence of such variances.

In the event a budget unit not listed herein receives unanticipated monies, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Office for Policy and Management the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a restricted account for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. Monies in the Transportation Fund are appropriated for use by the Department of Transportation in the activities, functions, and duties performed by it as prescribed by law. The Transportation Fund shall consist of all the state revenues realized from fees, taxes, and license fees levied for state road purposes authorized by law, and any additional or other revenues, grants, or funds, including local and private grant receipts as well as any amount which may be received from Federal aid, bond funds, General Funds appropriated, or any other sources pursuant to the provisions of KRS 177.030, made available for the construction or reconstruction of public roads or for any other of the activities administered by the Department of Transportation. Such receipts and revenues, and unappropriated surplus, together with any balance as of June 30, 1982, shall constitute the Transportation Fund for the fiscal years 1982-83 and 1983-84 respectively. An annual budget for each fiscal year shall be submitted by the Department of Transportation to the Finance and Administration Cabinet for approval by June 1, 1982, for fiscal year 1982-83 and by June 1, 1983, for fiscal year 1983-84. A copy of the annual budget submission and the approved annual budget shall be transmitted concurrently to the Legislative Research Commission. The budget shall be based upon the most current State Road Fund estimates and Surplus, estimates of contractual and noncontractual Federal aid, General Funds appropriated, and funds and fees from any other source. In fiscal year 1982-83 and fiscal year 1983-84, the Legislative Research Commission, or its designated body, may request and the Department of Transportation shall furnish, such information on the program services, resources, and expenditures relating to the annual budget for the stated fiscal years, or any revisions thereof, as may be deemed necessary.

In the event the State Road Fund estimates are revised during the biennium, the Department of Transportation shall submit its annual budget, and any revisions thereto, based upon the new estimates. These estimates are to be certified by the Commissioner of Revenue to the Secretary of the Finance and Administration Cabinet and upon the approval of the Governor, the Secretary of the Finance and Administration Cabinet, in consultation with the Legislative Research Commission, shall make the appropriate increases or decreases to the Department of Transportation's annual budget. A copy of the revised annual budget, and accompanying certification and documentation, shall be provided to the Legislative Research Commission. If the State Road Fund estimates are increased or decreased during a fiscal year the Department of Transportation shall request from the Finance and Administration Cabinet with approval of the Governor authority to increase or decrease its annual budget in accordance with Part VI, General Provisions, Section 8 of this Act. A copy of this request and any record of approval shall be provided to the Legislative Research Commission.

Notwithstanding KRS 143.090, it is the intent of the General Assembly that the coal severance tax receipts deposited to the credit of the Transportation Fund, for the purpose of meeting lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects, shall not exceed $42,750,000 in fiscal year 1982-83 and $42,750,000 in fiscal year 1983-84. In the event these amounts are not sufficient to meet the amount certified pursuant to KRS 143.090, the Secretary of the Department of Transportation shall use other Transportation Fund resources to meet the total amount of said certification.

There is hereby authorized in the Transportation Fund a bond fund authorization of up to $300,000,000 in the 1982-84 biennium for the construction and reconstruction of roads, along with the related costs, in the Kentucky primary road system, except that should the bonds authorized for fiscal year 1981-82 in an amount up to $150,000,000 be issued as provided in House Bill 931 of the 1980 Regular Session of the General Assembly, the bond fund authorization contained herein shall be reduced by the amount of such issue. 1.	Repair of State-Owned Dams		
	Investment Income	750,000	750,000

The above appropriation shall not be used to repair dams owned by the Department of Fish and Wildlife.

Those projects listed by title in this Act but for which no funds are shown are previously authorized projects for which there is sufficient funding available for completion in the absence of any additional funding in the 1982-84 biennium. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to the approval of the Finance and Administration Cabinet. Furthermore, the Council on Higher Education shall develop and approve a higher education computer plan to be submitted to the Secretary of Finance and Administration Cabinet by July 1, 1982. The provisions of KRS 45.750 through 45.990 notwithstanding it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Advances may be made from the Capital Construction and Equipment Purchase Contingency Fund to pay the 1982-83 and 1983-84 debt service on the City of Louisville and Jefferson County Bonds for the construction of the University of Louisville Teaching Hospital. Any advances made under this authorization shall be repaid with interest to the Fund.

Any funds remaining in projects no longer authorized on July 1, 1982, under the provisions of KRS 45.750 through 45.990 shall lapse to the Capital Construction Emergency Repair, Maintenance and Replacement Fund to be expended in accordance with the provisions of KRS 45.780. Notwithstanding the provisions of KRS 45.770, the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for projects which may be contemplated for future funding. Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Included in the above appropriation is an Economic Development bond authorization of $25,000,000 for fiscal year 1982-83 and $50,000,000 for fiscal year 1983-84. This funding is recommended for projects that are associated with economic development and will be identified during the 1982-84 biennium by the Secretary of the Commerce Cabinet. Examples of projects that may be included are riverports, parks, economic development, energy development and tourism. Before any economic development bonds are issued, the proposed bond issue and the proposed project shall be submitted to the Capital Construction and Equipment Purchase Oversight Subcommittee for review under the provisions of KRS 45.750-45.800.

Also included in the above appropriation is a Kentucky Development Finance Authority Loan program bond authorization of $50,000,000 for fiscal year 1982-83. These bond proceeds will be utilized to make loans for manufacturing, agribusiness, and tourism projects and will be identified during the 1982-84 biennium by the Kentucky Development Finance Authority Board of Directors.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, the provisions of KRS 45.750 through 45.990 notwithstanding, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Area Development Fund, Handicapped Access, and Fire and Life Safety. Any project estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Subcommittee.

All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

If at end of any fiscal year the monies and securities to the credit of the State Fire and Tornado Insurance Fund exceed $2,000,000 and if conditions with respect to life and safety in state properties are such as not to require the expenditure of all excess funds for improvements to said conditions, then the Secretary of the Finance and Administration Cabinet, with the concurrence of the Commissioner of Insurance, shall transfer up to $1,300,000 in fiscal year 1982-83 and $1,300,000 in fiscal year 1983-84 of the amount of such excess not so required and may authorize its transfer to the Capital Construction Fund, for expenditure in accordance with the provisions of Chapter 56 of the Kentucky Revised Statutes.

In the event Federal Revenue Sharing Funds, which were received in prior years, are not needed for the purpose for which they were appropriated in prior years, then these Revenue Sharing Funds may be transferred to the emergency repair and maintenance account or may be used as an alternate funding source for any capital construction project authorized by this Act, other than Agency Funds, subject to approval of the Secretary of the Finance and Administration Cabinet and subject to thirty (30) days prior notice to the Capital Construction and Equipment Purchase Oversight Committee.

PART VI
GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1982, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42 and 45 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet in accordance with the detailed estimates embodied in the 1982-84 Executive Budget and supporting legislative budget records and workpapers, as considered by the 1982 Regular Session and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act, notwithstanding any provisions of the Kentucky Revised Statutes to the contrary, except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the Governor's enacted budget and is supported by appropriate work papers and other records pertaining thereto.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal grants shall lapse to the General Fund to the extent such Federal funds otherwise become available.

7. To the extent that Federal monies become available to the Commonwealth under Title IV of Public Law 95-87, it is the intent of the General Assembly that these monies be appropriated to the Finance and Administration Cabinet to be used for nonrecurring projects in accordance with the intent of the Federal law.

8. Whereas, inasmuch as the finances of the Commonwealth cannot be ascertained with absolute certainty at this time, and since the actual needs of each officer, cabinet, department, board, commission, institution, agency, or other activity or subdivisions of state government can only be anticipated and not finally determined by the General Assembly, and since the total amount of revenue accruing to the General Fund and to the Transportation Fund and accruing from various fees or from Federal funds from which appropriations are made can only be anticipated as being produced through existing laws and those that may hereafter be enacted, and recognizing the complex nature of the economy, it is the purpose and intention of this Act that the expenditures for each fiscal year shall not exceed the total financial resources accruing to any Fund, as defined in KRS Chapter 45, for the same fiscal year. As the conditions cannot be fully determined until after the adjournment of the 1982 General Assembly, and as the needs of each officer, cabinet, department, board, agency, commission, institution, subdivision, or activity of state government, together with the total financial resources accruing to the General Fund and the Transportation Fund cannot be fully determined at this time, it is the intention and purpose of this General Assembly that the Secretary of the Finance and Administration Cabinet, with the advice of the Commissioner of the Department of Revenue, upon approval of the Governor of the Commonwealth, is authorized, empowered, and directed to ascertain and determine the needs of each officer, cabinet, department, board, commission, institution, subdivision, agency, or other activity of state government and to ascertain the total financial resources anticipated to be accrued to the General Fund and the Transportation Fund of the Commonwealth, and upon the ascertainment and determination of said facts, he, the Secretary of the Finance and Administration Cabinet, in the manner set forth as provided by general law, and after obtaining the approval of the Legislative Research Commission or its designated body, is authorized, empowered, and directed by the General Assembly to prevent an overdraft or deficit in any fiscal year for which appropriations are herein made, by equitably reducing, according to needs, without discrimination, the appropriations herein made from the General Fund and Transportation Fund to each officer, cabinet, department, board, commission, institution, subdivision, agency, or other activity in state government, provided, however, that the power invested shall not permit any reduction of the appropriations of any officer, cabinet, department, board, commission, institution, subdivision, agency, or

other activity of state government that will actually impair the necessary constitutional functions of such agency or activity, the operations and functions of which are determined to be necessary constitutional functions of state government.

9. The Secretary of the Finance and Administration Cabinet shall cause the Office for Policy and Management, within forty-five days upon adjournment of the 1982 General Assembly, to prepare a final budget document based upon the Executive Budget as enacted by the 1982 General Assembly as well as other acts which provide appropriations for the 1982-84 biennium and based upon supporting documentation and legislative records as considered by the 1982 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Office for Policy and Management for budget execution and oversight. The enacted budget and any adjustments thereto approved by the Office for Policy and Management and any supporting documents shall be communicated to the Interim Joint Appropriations and Revenue Committee on a regular basis.

10. It is the intent of the General Assembly that the Secretary of the Finance and Administration Cabinet shall be empowered and directed to transfer all funds appropriated to various agencies of state government in Part I of this Act for the operation and maintenance of the Kentucky Early Warning System (KEWS) to the Finance and Administration Cabinet to administer and manage the system.

11. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund.

12. Notwithstanding KRS 143.090, it is the intent of the General Assembly that the coal severance tax receipts deposited to the credit of the Transportation Fund, for the purpose of meeting lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects, shall not exceed $42,750,000 in fiscal year 1982-83 and $42,750,000 in fiscal year 1983-84. In the event these amounts are not sufficient to meet the amount certified pursuant to KRS 143.090, the Secretary of the Department of Transportation shall use other Transportation Fund resources to meet the total amount of said certification.

13. The General Assembly recognizes that during fiscal year 1980-81 and fiscal year 1981-82, the General Fund revenues of the Commonwealth were less than the estimates upon which appropriations for those fiscal years were made by Part I, Chapter 109, of the 1980 Acts of the General Assembly. The General Assembly acknowledges that as a result of shortfalls in the revenues during the biennium for which funds were appropriated by the 1980 General Assembly the Secretary of Finance as directed by Paragraph 8, Part VI, Chapter 109, of the 1980 Acts of the General Assembly and as authorized by KRS 45.160, took action to prevent an overdraft or deficit in the finances of the Commonwealth through the reduction of appropriations made by Part I, Chapter 109, of the 1980 Acts of the General Assembly, and by various other actions, all as set forth in and provided by Orders 81-151 and 82-96 of the Secretary of Finance, which Orders are permanent records of the Commonwealth, on file in the Office for Policy and Management.

It is the intent of the General Assembly herein to ratify and confirm the appropriation levels appearing in Orders 81-151 and 82-96 of the Secretary of Finance as the General Fund appropriations for fiscal year 1980-81 and fiscal year 1981-82, respectively, for the offices, boards, commissions, institutions, subdivisions and agencies of the Government of the Commonwealth of Kentucky, except so much thereof as relates to the appropriation to the Local Government Economic Assistance Fund for fiscal year 1981-82, which sum shall be determined as provided by KRS 45.450; it is the further intent of the General Assembly herein, the provisions of any other law of the Commonwealth to the contrary notwithstanding, to ratify and confirm the advances, transfers and lapsing to the General Fund of all non-General Fund monies as identified in said Orders 81-151 and 82-96 of the Secretary of Finance, and to that end, the General Assembly hereby expressly ratifies, adopts, and enacts the appropriation levels contained in said Orders 81-151 and 82-96, including those provided for the Foundation Program as set forth and contained in KRS Chapters 157 and 157A and in Chapter 109 of the 1980 Acts of the General Assembly, as the appropriations for the offices, boards, commissions, institutions, subdivisions, and agencies of the Government of the Commonwealth for fiscal year 1980-81 and fiscal year 1981-82, and to the extent in conflict therewith the appropriation levels set forth in Part I, Chapter 109 of the 1980 Acts of the General Assembly shall be read as conforming to the levels of appropriation hereby enacted.

14. There is hereby authorized in the Transportation Fund a bond fund authorization of up to $300,000,000 in the 1982-84 biennium for the construction and reconstruction of roads, along with the related costs, in the Kentucky primary road system, except that should the bonds authorized for fiscal year 1981-82 in an amount up to $150,000,000 be issued as provided in House Bill 931 of the 1980 Regular Session of the General Assembly, the bond fund authorization contained herein shall be reduced by the amount of such issue. The related debt service payments or lease rental payments to the Kentucky Turnpike Authority, as appropriate, may be expended from funds appropriated to the Transportation Fund.

15. The Secretary of the Finance and Administration Cabinet is authorized to approve, upon the request of the Secretary of the Department for Human Resources, the transfer of up to twelve million dollars

($12,000,000) of any surplus funds from other Bureaus within the Department for Human Resources to the Bureau for Social Insurance, Medical Assistance program to help prevent a deficit in said program for fiscal year 1981-82. If, through effective management and without reducing programs or service levels, funds become available, then the Secretary may transfer such funds to other programs after obtaining the approval of the Secretary of Finance and of the Interim Joint Committee on Appropriations and Revenue. In the event this provision is held to be invalid then no such transfer can be made.

16. It is the intent of the General Assembly that each classified permanent full-time and permanent part-time employe, as defined in KRS 18.110, in the Executive Branch shall receive, at least, an annual five percent (5%) salary increment each fiscal year, in accordance with the employe's regular salary increment schedule.

17. There is appropriated from the General Fund, $10,000,000 for fiscal year 1982-83 and $35,475,000 for fiscal year 1983-84 for a Budget Reserve Trust Fund.

These funds are appropriated in the event actual General Fund receipts during the 1982-83 fiscal year or the 1983-84 fiscal year are not sufficient to meet the General Fund appropriation levels authorized in this Act. Allotments from the Budget Reserve Trust Fund may also be made to those appropriation units for which actual Federal Fund receipts are less than the Federal Fund receipts appropriated in this Act to the 1982-83 fiscal year of the 1983-84 fiscal year, due to reductions in the Federal budget. In addition, allotments from the Budget Reserve Trust Fund may also be made for expenditures deemed to be Necessary Government Expenses.

All allotments and expenditures from the Budget Reserve Trust Fund may be approved by the Governor of the Commonwealth upon the recommendation of the Secretary of the Finance and Administration Cabinet. No allotment or expenditure from the Budget Reserve Trust Fund may be made prior to the approval of such allotment or expenditure by the Interim Joint Committee on Appropriations and Revenue. Allotments or expenditures from the Budget Reserve Trust Fund may be made on an across the board basis, but other methods of allocation, based on the needs of the budget units as determined by the Governor, are also authorized by this Act. In no event, however, shall such allotment or expenditure to any budget unit result in a General Fund or Federal Fund expenditure level greater than any appropriation elsewhere in this Act.

18. In no event shall any agency of the executive branch expend any money for fiscal year 1982-83 for medical or hospitalization insurance until:

(1) Bids have been solicited and received for both:

(a) Medical and hospitalization insurance to be furnished by an insurance carrier, and

(b) Contract costs for the private administration of a state self-insurance program, and

(2) A summary of such bids has been furnished to the Interim Joint Committees on Appropriations and Revenue and State Government.

19. Nothing in this Act shall be construed to confirm or ratify, under KRS 12.025, any executive reorganization order unless such executive order was confirmed or ratified by number or by appropriate amendment to the Kentucky Revised Statutes in another Act of the 1982 Regular Session of the General Assembly. If any executive reorganization order issued from sine die adjournment of the 1980 Regular Session to sine die adjournment of the 1982 Regular Session is not confirmed by the 1982 General Assembly, the Secretary of Finance and Administration is empowered and directed, in consultation with agency heads and with notification to the Legislative Research Commission, to transfer the balance of funds for any affected program or function for fiscal year 1981-82 and any related amounts for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to such reorganization action or in which it was placed by action of the 1982 Regular Session of the General Assembly.

20. To the extent herein provided that General Fund expenditures at the close of fiscal year 1981-82 are less than General Fund appropriations for the same fiscal year, there is hereby appropriated from the General Fund in fiscal year 1982-83 the sum, up to the maximum amount of $5,000,000, to the Kentucky School Building Authority from such General Fund balance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 136.340 to 136.400 IS CREATED TO READ AS FOLLOWS:

(1) Every domestic, foreign or alien insurer, other than life and health insurers, which is either subject to or exempted from Kentucky premium taxes as levied pursuant to the provisions of either KRS 136.340, 136.350, 136.370 or 136.390, shall charge and collect a surcharge of one dollar and fifty cents ($1.50) upon each one hundred dollars ($100) of premium, assessments, or other charges, except for those municipal premium taxes, made by it for insurance coverage provided to its policyholders, on risk located in this state, whether such charges are designated as premiums, assessments or otherwise. Said premium surcharge shall be collected by the insurer from its policyholders at the same time and in the same manner that its premium or other charge for the insurance coverage is collected. However, no insurer or its agent shall be entitled to any portion of any premium surcharge as a fee or commission for its collection. On or before the twentieth (20th) day of each month, each insurer shall report and remit to the department of revenue, on such forms as it may require, all premium surcharge monies collected by it during its preceding monthly accounting period less any such monies returned to policyholders as applicable to the unearned portion of the premium on policies terminated by either the insured or the insurer. The funds derived from such premium surcharge, except as provided in subsection (2) of this section, shall be deposited in the state treasury, and shall constitute a fund allocated for the uses and purposes of the professional firefighters foundation program fund (KRS 95A.220) and the law enforcement foundation program fund (KRS 15.430).

(2) Insurance premium surcharge funds collected from the policyholders of any domestic mutual company, cooperative or assessment fire insurance company shall be deposited in the state treasury, and shall be paid monthly by the state treasurer into the volunteer fire department aid fund as provided in Section 11 of this Act.

(3) Within five (5) days after the end of each month, all insurance premium surcharge proceeds deposited in the state treasury as set forth in subsection (1) of this section, shall be paid by the state treasurer into the professional firefighters foundation program fund trust and agency account and the law enforcement foundation program fund trust and agency account. The amount paid into each account shall be proportionate to each fund's respective share of the total deposits, pursuant to Section 2 of this Act.

SECTION 2. A NEW SECTION OF KRS CHAPTER 42 IS CREATED TO READ AS FOLLOWS:

(1) On June 1, 1982, and then on or before the first day of each December, March, June and September thereafter, the department shall request in writing of the administrator of the professional firefighters foundation program fund, which is established by KRS 95A.220, and of the administrator of the law enforcement foundation program fund, which is established by KRS 15.430, costs projections of their respective funds for the next quarter. Based on these projections, the department shall determine the proportionate share of total insurance premium surcharge proceeds, prescribed in Section 1 of this Act, to accrue to each fund.

(2) On or before the first day of each quarter, the department shall certify to the state treasurer a distribution schedule describing the proportionate share of total insurance premium surcharge proceeds accruing to each fund during such quarter, and the state treasurer shall pay into each fund's trust and agency account its proportionate share of all deposited tax monies as set forth and in the manner as prescribed in subsections (1) and (3) of Section 1 of this Act.

(3) Monies deposited in the professional firefighters foundation program fund's trust and agency account, and in the law enforcement foundation program fund's trust and agency account, shall be invested by the state in accordance with state investment practices, and all earnings from such investments shall accrue to, and be paid into the respective account from which such investments are made. All monies remaining on deposit at the close of the state's fiscal year in the professional firefighters foundation program fund's account and the law enforcement foundation program fund's account and all earnings from investments made from monies in these accounts, shall not lapse, and shall be used for the purposes as specified by law pertaining to the fund in which said deposits and earnings remain.

SECTION 3. A NEW SECTION OF KRS 15.410 to 15.510 IS CREATED TO READ AS FOLLOWS:

(b) "Bank holding company," "company" and "control" have the meanings accorded them in the Federal Bank Holding Company Act of 1956, as amended.

(c) "Deposit" has the meaning accorded it in the Federal Deposit Insurance Act, as amended, and regulations promulgated thereunder; excluded, however, from deposits are all interbank deposits and all deposits in foreign branches and international banking facilities, as shown in the reports made by all banks to their respective supervisory authorities.

(2) Any bank holding company with its principal place of business in this state may acquire control of any other bank or bank holding company, except any bank holding company may not acquire control of any of the shares of another bank or bank holding company which has been in existence less than five (5) years at the time of such acquisition and which was chartered after January 31, 1982.

(c) Use of state product testing and inspection facilities; and

(d) Use of state personnel training programs.

(5) The *finance and administration cabinet* [~~department of local government~~] may publish a schedule of fees for the services provided under subsections (3) and (4) of this section.

Section 33. KRS 56.802 is amended to read as follows:

(1) Whenever an agency determines that it will need office or other space it shall submit a request for the acquisition of such additional space to the *department for facilities management* [~~bureau of public properties~~] in the [~~department of~~] finance *and administration cabinet*. If the *department for facilities management* [~~bureau of public properties~~] determines that insufficient space has been allocated to the agency making the request, it may then acquire the space required by lease as provided by KRS 56.800 to 56.820.

(2) The *department for facilities management* [~~bureau of public properties~~] shall review each agency space request to determine whether space suitable to meet the agency's reasonable needs may be available in a state-owned or occupied building. If it is determined that there is no suitable space available in a state-owned or occupied building, the *department* [~~bureau~~] shall, except as provided in KRS 56.804, cause an advertisement to be placed in a newspaper having general circulation in each county where space is sought, soliciting negotiations of a lease to the Commonwealth of space meeting the agency's general requirements. The advertisement shall be published two (2) times during any seven (7) day period in daily newspapers and one (1) time in weekly newspapers. Whenever an advertisement for space is made in a weekly newspaper, it shall also be made in a newspaper of daily publication in the county of closest geographic proximity to the county in which the space is sought and for which advertisement has been made in a weekly newspaper. All leases of space in Franklin County, and all leases in any county for which the annual rental charge is estimated to exceed one hundred thousand dollars ($100,000), shall be published in at least two (2) newspapers having broad circulation within the state, to be designated by the secretary of the *finance and administration cabinet* [~~department~~], in addition to a newspaper published and of general circulation in the county in which the space is sought. The advertisement shall contain such general information concerning the agency requirements for the space sought as will reasonably inform persons having property to let within the county of the type of space wanted, the general location of the property, and the number of square feet needed, and shall state the last time, date and place that responses will be received. Responses may be made by any person in writing on or before the time and date designated and need only designate the type and location of the property, the name and address of the property owner and the date of the availability of the property for lease.

(3) Following the expiration of the time specified for the submission of proposals, the space proposed to be leased to the state by each person submitting a proposal will be inspected to determine its suitability to the reasonable needs of the agency for whose use the property is sought. The owner or other person submitting the proposal shall provide access to the property for such inspection. A report of the findings about each property inspected shall be submitted to the commissioner of the *department for facilities management* [~~bureau of public properties~~] who shall, after consultation with the head of the agency for whose use the space is sought, determine the best proposal received in the interest of the state. The commissioner shall, in making his determination, take into account factors including but not limited to: the location and accessibility of the property to the public; its condition and state of repair; its conformity with the requirements of occupational health and safety regulations; the proposed rental rates; and the general conformity of the property proposed to the advertised space requirements. The lease of the space shall be awarded in the discretion of the commissioner [~~of the bureau~~] to the person whose proposal most closely conforms to the general requirements of the advertisement for the space and meets applicable state fire, health, safety and sanitation requirements and the requesting agency's reasonable space requirements.

(4) Recognizing the improbability that any two (2) properties proposed to be leased to the state under this section will be identical and that reasonable men might differ in determining the best proposal received for the lease of property to the state, it is the general assembly's intention in this section to confer upon and delegate to the commissioner of the *department for facilities management* [~~bureau of public properties~~] through the *finance and administration cabinet* [~~department~~], the broadest possible power and authority to make such determinations. Judicial review of the action of the *cabinet* [~~department~~] and the commissioner [~~of the bureau~~] in the award of leases under this section shall be limited to determining whether the award

of a lease by the state was procured by fraud. Any person who by judicial process unsuccessfully challenges the award of any lease of space by the state under this section shall be liable to the state for its costs in the action, including reasonable attorneys' fees.

Section 34. KRS 56.816 is amended to read as follows:

(1) Whenever the *department for facilities management* [~~bureau of public properties~~] in the [~~department of~~] finance *and administration cabinet* has reason to believe that there is no office or other space available to let that will be suitable to meet the space needs of one or more state agencies seeking the lease of space in a community where space is sought, and a determination has been made by the secretary of the [~~department of~~] finance *and administration cabinet*, with the approval of the governor, that the construction of a building by the Commonwealth to meet such need is not economically or otherwise feasible, the *department* [~~bureau~~] may advertise for written proposals for the construction of a building meeting the agency or agencies' space requirements and to be leased to the Commonwealth under a built-to-suit lease as authorized by this section.

(2) Advertisements for all built-to-suit leases shall be published in a newspaper of general circulation in the county where the space is sought and on a state-wide basis as provided by KRS 424.180. Advertisements for proposals for all built-to-suit leases shall be made ninety (90), sixty (60), and thirty (30) days in advance of the date fixed for receiving and opening the proposals.

(3) The *department* [~~bureau~~] shall develop, in consultation with the agency or agencies for whose use the space is sought[~~, and with the assistance of the bureau of facilities management,~~] general requirement specifications for the structure, which shall be set forth in outline form in the advertisement for proposals; the advertisement shall state that more detailed information about the space requirements and forms for submitting proposals may be obtained from the *department for facilities management* [~~bureau of public properties~~] and the time, date and place that proposals will be received.

(4) Each proposal submitted for built-to-suit leases shall contain information about the proposed site for the building, an estimate of the cost of the building, information about the proposed plan or method of financing the construction of the building, and schematic drawings of the proposed building. All buildings constructed and leased to the Commonwealth under built-to-suit lease agreements shall be constructed in accordance with all applicable state and national safety, building and construction code requirements and the preliminary and final building construction plans shall be reviewed and approved by the *department for* [~~bureau of~~] facilities management.

(5) At the time, date and place fixed in the advertisement, all written proposals for built-to-suit leases received shall be opened and publicly read. The commissioner of the *department* [~~bureau~~], after consultation with the head or heads of the agency or agencies for whose use the space is sought, [~~and with the advice and assistance of the bureau of facilities management,~~] shall award the built-to-suit lease to the individual or firm whose proposal, in the judgment and discretion of the commissioner, most closely conforms to advertised general requirement specifications.

Section 35. KRS 56.818 is amended to read as follows:

(1) The term of all built-to-suit lease agreements entered into by the Commonwealth under KRS 56.816 shall conform to the requirements of all applicable statutory and constitutional provisions as construed by the Kentucky Supreme Court.

(2) When necessary to enable an individual or firm to whom a built-to-suit lease agreement has been awarded to obtain either short or long term financing for the erection of the building to be constructed under such lease, or desirable in the best interests of the Commonwealth, the Commonwealth may be granted and may accept as a part of said lease an option to purchase the leased buildings, land and any appurtenant facilities. The option price to be paid for any such property shall not exceed its fair market value as of the time the option is exercised as determined by a competent and qualified real estate appraiser, selected by mutual agreement of the parties, employing the reproduction cost new or other accepted appraisal techniques; provided, however, that in no event shall the option price be less than a sum equal to the remaining balance of any mortgage lien encumbering the property and securing the repayment of monies advanced to the owner for the original construction of the building, plus an amount not to exceed ten percent of such mortgage balance.

(3) All built-to-suit lease agreements shall be executed for the Commonwealth by the secretary of the [~~department of~~] finance *and administration cabinet* on recommendation by the commissioner of the *department for facilities management* [~~bureau for public properties~~], approved for form and legality by the attorney general or an assistant attorney general, and approved by the governor, before they shall be binding against the Commonwealth. All such leases shall be lodged for record and recorded in the office of the county clerk of the county in which the leased property is located.

Section 36. KRS 58.215 is amended to read as follows:

(1) The capital plaza authority shall be composed of *six (6)* [~~five (5)~~] members. The governor, secretary of the [~~department of~~] finance *and administration cabinet*, [~~and~~] attorney general *and the secretary of development* shall be the *four (4)* [~~three (3)~~] state members. The mayor shall appoint the city member. The

county judge/executive shall appoint the county member. Both the city member and the county member shall serve for a four (4) year term. These *six (6)* [~~five (5)~~] persons are a body corporate constituting a public corporation and governmental agency and instrumentality of the Commonwealth by the name of the "Capital Plaza Authority," with perpetual succession and with power in that name to contract and be contracted with, to convey property, to sue and be sued, to have and use a corporate seal, and to exercise, in addition to the powers and functions specifically stated in KRS 58.210 to 58.315, all of the usual powers of private corporations not inconsistent with specifically enumerated powers.

(2) The members of the authority shall receive no compensation for their services, but are entitled to reimbursement for all reasonable expenses necessarily incurred in connection with performance of their duties and functions as members.

(3) *Four (4)* [~~Three (3)~~] members of the authority shall constitute a quorum for the transaction of business. The governor shall be the chairman of the authority and the secretary of the [~~department of~~] finance *and administration cabinet* shall be the vice-chairman. The authority shall elect a secretary and a treasurer who shall serve at the pleasure of the authority and receive such compensation as may be determined by the authority. The treasurer shall give bond to the authority for a faithful accounting for all funds coming into his custody, in such amount as the authority may prescribe, drawn upon a surety company qualified to do business in the Commonwealth, premium therefor to be paid by the authority. The authority shall establish and maintain an office and the secretary of the authority shall maintain therein complete records of the authority's actions and proceedings, as public records open to inspection.

For the purpose of KRS 61.410 to 61.500:

(1) "Wages" means all remuneration for employment as defined herein, including the cash value of all remuneration paid in any medium other than cash, except that such term shall not include that part of such remuneration which, even if it were for "employment" within the meaning of federal insurance contributions act, would not constitute "wages" within the meaning of that act;

(1) Each political subdivision of the state is hereby authorized to submit for approval by the state agency a plan for extending insurance coverage to employes of such political subdivision; provided, however, that no such plan shall provide insurance coverage to an employe occupying a position to which KRS 161.220 to 161.710 are applicable except for employes of the state colleges and public junior colleges. (d) It provides for such methods of administration of the plan by the political subdivision as are found by the state agency to be necessary for the proper and efficient administration thereof;

(e) It provides that the political subdivision will make such reports, in such form and containing such information, as the state agency may from time to time require, and will comply with such provisions as the state agency or the secretary may from time to time find necessary to assure the correctness and verification of such reports; and

(f) It authorizes the state agency to terminate the plan in its entirety, in the discretion of the state agency, if it finds that there has been failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the state agency and as may be consistent with the provisions of the social security act.

All moneys in the fund shall be mingled and undivided. Subject to the provisions of KRS 61.410 to 61.500, the state agency is vested with full power, authority and jurisdiction over the fund, including all moneys and property or securities belonging thereto, and may perform any and all acts whether or not specifically designated, which are necessary to the administration thereof and are consistent with the provisions of KRS 61.410 to 61.500.

(2) The contribution fund shall be a trust and agency fund which shall not lapse and shall be held separate and apart from any other funds or moneys of the state and shall be used and administered exclusively for the purposes of KRS 61.410 to 61.500. Withdrawals from such fund shall be made for, and solely for:

(b) Payment of refunds provided for in subsection (3) of KRS 61.450;

(c) Refunds of overpayments, not otherwise adjustable, made by a political subdivision; and

(1) Any county clerk, county judge/executive, county attorney, sheriff, jailer, coroner, or constable shall have the right to employ a certified public accountant to audit the books, accounts, and papers of his office in lieu of the audit conducted by the state auditor of public accounts required by KRS 43.070.

(2) If said official elects to exercise the right prescribed in subsection (1), then he shall:

(a) Notify in writing within thirty (30) days following the period to be audited, the fiscal court of his county and the state auditor of the name of the certified public accountant employed by said official to audit the books, accounts, and papers of his office; the auditor shall acknowledge, in writing, receipt of such notification, and approval of the use of the designated independent certified public accountant cannot be withheld unless such certified public accountant fails to conform to standard audit programs established for governmental accounting and other generally accepted accounting procedures as set forth by the Kentucky board of accountancy;

In addition, the official shall send the report to a newspaper having general circulation in the county of the official, and the letter of transmittal accompanying the report shall be published in said newspaper in accordance with the provisions of KRS chapter 424.

(3) This section shall not be construed as eliminating the requirement that the books, accounts, and papers of the above named officials be audited yearly. This section shall not preclude the state auditor from reviewing the reports of the certified public accountant. After preliminary review, should discrepancies be found, nothing in this section or in KRS 43.070(1)(b) shall be construed as precluding the auditor's office from making its own investigative report or audit to verify the findings of the independent certified public accountant's report. If such investigative audit be deemed necessary, the expenses to said county official, as directed by KRS 43.070(2), shall be construed as an allowable expense of that office.

The department shall further publish the total county mileage of the official natural resources road system and the total ton/miles within each natural resources impact and natural resources producing county for said preceding fiscal year.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 281.752 is amended to read as follows:

The bureau *shall* [~~may, by regulation,~~] prescribe and charge a fee, *of twenty dollars ($20.00)* [~~not to exceed two dollars ($2.00)~~] in each instance, for the issuance of such identifying plates, decals, cards, signs or papers, for the identification of motor vehicles, which vehicles have been qualified for, and have been granted reciprocal privileges in Kentucky in regard to motor vehicle registration fees and highway use taxes. The commissioner may by reciprocal agreement with the proper officials of other jurisdictions waive such fees applicable to residents of such other jurisdictions which afford like privileges to residents of Kentucky.

Section 2. KRS 138.665 is amended to read as follows:

(1) A license shall be required of each motor carrier or heavy equipment motor carrier before he uses or continues to use gasoline or special fuels on the public highways of this state, except the bureau may issue a trip permit for each motor vehicle for a fee of *twenty dollars ($20.00)* [~~ten dollars ($10.00)~~] for each permit.

(2) Application for a license or trip permit shall be made to the bureau and shall contain such information as the bureau deems necessary.

(3) Concurrently with the filing of an application for a license, the motor carrier or heavy equipment motor carrier shall file with the bureau a bond as required under KRS 138.670. No license shall be issued to any person unless such person has furnished a bond as provided in KRS 138.670 to secure payment of taxes, penalties and interest imposed by KRS 138.655 to 138.725.

(4) The application in proper form having been accepted for filing, the bond having been accepted and approved and the other conditions and requirements of this section having been complied with, the bureau shall issue a license. However, if an application for a license is filed by any person whose license has at any time previously been revoked for cause by the bureau, or if the bureau is of the opinion that the person who makes the application does so as a subterfuge for the real party in interest whose license, prior to the time of filing the application, has been revoked for cause, or that the application is not for any other reason filed in good faith or is not sufficient cause, the bureau may, after a hearing of which the applicant shall be given ten (10) days' notice in writing and in which he shall have the right to appear in person or by counsel and present testimony, refuse to issue a license to that person.

(5) All licenses shall be valid and remain in full force and effect until suspended or revoked for cause or otherwise canceled.

(6) A license shall not be assignable or transferable and shall be valid only for the person in whose name it is issued.

Permits may be issued by the bureau for stated periods, special purposes and unusual conditions, and upon such terms in the interest of public safety and the preservation of the highways as the bureau may, in its discretion, require. The bureau shall require, as a condition to the issuance of the permit, that the applicant pay a *fee of thirty dollars ($30.00) for each overweight or overdimension permit; a fee of twenty dollars ($20.00) for each single trip house trailer permit; a fee of*

eighty dollars ($80.00) for each annual house trailer permit; [~~reasonable fee, to be fixed by it,~~] and may require that the applicant give bond, with approved surety, to indemnify the state or counties against damage to highways or bridges resulting from use by the applicant. The operation of motor vehicles and housetrailers in accordance with the terms of any such permit shall not constitute a violation of this chapter if the operator has the permit, or a copy of it, authenticated as the bureau may require, in his possession.

The Governor's veto message on **HB 413** is as follows:

By the authority granted by Section 88 of the Kentucky Constitution I am vetoing House Bill 413. Our state's highest court in the case of *Sibert v. Garrett*, 197 Ky. 17, emphatically held that the appointment of executive officers is strictly an executive function and one that the legislature cannot assume. The reasons given by the court are the same reasons that I maintain and therefore I will adopt them as my own:

> "If such power would not tend or serve to destroy the purpose and intention sought to be accomplished by separating the powers of government in the Constitution, it would be difficult to conceive of one that would . . . . Furthermore, such power on the part of the Legislature, if a full exercise of it should be persisted in, would enable it to gradually absorb to itself the patronage and control of the greater part of the functioning agencies of the state and county governments, and, thus endowed, it would be little short of a legislative oligarchy."

The management of the State Fair Board is clearly an executive function.

Representative LeMaster moved that **HB 206** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 206** is as follows:

By the authority vested in me by Section 88 of the Kentucky Constitution, I am vetoing House Bill 206. Since the general assembly chose to piggyback the major provision of House Bill 648 on House Bill 206, I am unable to review House Bill 206 on its merits. I am forced to judge House Bill 206 and house Bill 648 together. Enactment of this legislative branch exceeding its function and usurping the role of the executive branch of government. Also, the legislative oversight fund created by House Bill 206 appears to be an excessive cost. This fund could divert more than $3,000,000 during the biennium from the block grant programs to the legislative research commission. The appropriate oversight and review functions which are prescribed by House Bill 206 could be performed under the current interim committee system, and without the added cost.

The secretary for Human Resources supported the original House Bill 206, and has committed the department to implement the intent of House Bill 206 before amended.

Representative LeMaster moved that **HB 648** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 648** is as follows:

By the authority vested in me by Section 88 of the Kentucky Constitution I hereby veto House Bill 648. This bill would, effective July 1, 1983, vest in the interim committee system absolute veto authority over the expenditure of federal block grant funds by agencies within the executive branch. In my opinion the legislature does not have such power when they are not in session. Although I have agreed to litigate this issue prior to the 1984 regular session I am still compelled to veto this bill because it has a provision, attached by the House, which provides that, were the executive branch to prevail in that litigation and this bill be held to be unconstitutional, the authority to expend these block grant funds would cease until the general assembly in regular or special session could approve such expenditures. The prohibition against expending these funds if and when such a court decision came down would mean an immediate halt to certain essential social service and educational programs until the legislature could be reconvened to consider these expenditures. Even a one month delay in the expenditure of these funds would create a severe hardship on many citizens and students of this Commonwealth.

The Governor's veto message on **HB 756** is as follows:

By the authority granted by Section 88 of the Kentucky Constitution I am vetoing House Bill 756. Our states highest court in the case of *Sibert v. Garrett*, 197 Ky. 17, emphatically held that the appointment of executive officers is strictly an executive function and one that the legislature cannot assume. The reasons given by the court are the same reasons that I maintain and therefore I will adopt them as my own:

part of the functioning agencies of the state and county governments, and thus endowed, it would be little short of a legislative oligarchy."

Furthermore, the State Board of Elections appoints a majority of the members of each County Board of Elections. Therefore, the power to appoint a majority of the members of the State Board of Elections vested in representatives of 138 elected officials who must run for re-election every two or four years could, in my mind, create a conflict of interest and could lead to a broad abuse of political power. The present appointment process is conducted by elective officials who cannot succeed themselves.

The Governor's veto message on **HB 538** is as follows:

By the authority vested in me by Section 88 of the Kentucky Constitution, I hereby veto House Bill 538. While I strongly support the motivation behind this legislation, that is the redevelopment of our deteriorating inner cities, I do not feel state government needs to be in the business of insuring potential defaults on mortgages of private property owners. This program has been traditionally left to the private financial institutions or the federal government.

Representative LeMaster moved that **HB 681** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 681** is as follows:

By the authority vested in me by Section 88 of the Kentucky Constitution, I hereby veto House Bill 681. House Bill 681 mandates an annual 5% pay raise for all executive branch employes, be they merit or non-merit. Current state government policy is to grant automatically such a 5% annual increment only to merit system employes. We are currently in the process of beginning to implement a pay for performance system that will eliminate the automatic increment and make annual increments based upon a "pay for performance" system which would entitle merit system employes to a salary increase percentage of as much as 10%, dependent upon their job performance evaluation.

I would like to emphasize that during the past two years the average increase for merit employes has been 12.5% per year and our evaluation indicates that their productivity level increased by 15% per year. Although the "pay for performance" system does not guarantee merit system employes a 5% pay raise each year, it does guarantee that for the first time their annual salary adjustments will be based upon their own personal job performance and not a bureaucratic system that guarantees employes a pay raise without regard to whether or not they are performing at the level expected. The new system will be a more equitable approach toward granting salary adjustments than the traditional method of automatically granting everyone an annual 5% increment without regard to performance or productiviey.

Representative LeMaster moved that **HB 42** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **HB 42** is as follows:

By the authority vested in me by Section 88 of the Kentucky Constitution I hereby veto House Bill 42. A senate amendment to House Bill 42 provides that prior to letting any contract by an airboard for purposes, other than direct air navigation services, the proposed use contemplated by the contract must be in compliance with local zoning and land use regulations.

KRS 183.867(1) currently provides that local zoning commissions may retain jurisdiction over zoning at airports except to the extent it pertains to "the safe and proper maneuvering of aircraft and the safe and proper use of the airport involved." Jurisdiction over those matters is vested in the Kentucky Airport Zoning Commission.

The enactment of House Bill 42 would appear to conflict with KRS 183.867 and furthermore could cause serious problems in Jefferson County. I am informed that currently the Jefferson County Zoning Commission's maps do not show any zoning district designation for either of the two Jefferson County airports. The zoning regulations of Jefferson County provide that any property not shown as being in a zoning district shall be R-1-residential. I am fearful that any contract the airport authority attempted to enter into would run afoul of that zoning classification.

Orders of the Day

Representative LeMaster moved that **SB 103** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **SB 103** is as follows:

By the authority vested in me by Section 88 of the Kentucky Constitution I hereby veto Senate Bill 103. I recognize that it is necessary from time to time to increase the compensation package for members of the General Assembly. This is necessary so that we can retain legislators who must continually weigh the financial sacrifices legislative service requires and to attract future candidates for legislative office.

This bill, however, has the effect of reducing compensation for future service. It provides an increase in retirement benefits based upon past service. I do not argue with the point that the legislature may have been underpaid in the past, I do not feel we should correct past pay inequities in this fashion.

Orders of the Day (continued)

Representative LeMaster moved that **SB 135** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **SB 135** is as follows:

By the authority vested in me by Section 88 of the Kentucky Constitution I hereby veto Senate Bill 135. This bill would, effective immediately, vest in the interim committee system absolute veto authority over administrative regulations adopted by agencies within the executive branch. In my opinion the legislature does not have such power when they are not in session. Although I have agreed to litigate this issue prior to the

1984 regular session I am still compelled to veto this bill because it has a provision, attached by the House, which provides that, were the executive branch to prevail in that litigation and this bill be held to be unconstitutional, the authority to adopt administrative regulations would cease. This authority is absolutely essential to implementing much of the legislation that the general assembly passes and the withdrawing of this authority would render much of the legislation passed by the legislature meaningless.

Representative LeMaster moved that **SJR 41** be taken from Orders of the Day for consideration of the Governor's veto. Agreed.

The Governor's veto message on **SJR 41** is as follows:

By the authority vested in me by Section 88 of the Kentucky Constitution I hereby veto Senate Joint Resolution 41. This resolution directs the Department of Transportation to convey certain land in Perry County to the City of Hazard at no cost. This property is appraised currently at $1.25 million. The Department has offered the property to the City of Hazard for its appraised value, the normal procedure for disposing of surplus state property to governmental subdivisions. Perry County is expected to receive in the next fiscal year over $800,000 in state mineral taxes under the state's revenue sharing program for those taxes.

The Department of Transportation has sold millions of dollars of surplus property to help cover the revenue shortfall of the Commonwealth. With this Resolution it would be impossible to continue disposing of surplus property. The value of this property is $1.25 million. This measure is not in the best interest of the state. As Governor, I do not feel I can give away the assets of the Commonwealth.
